

A Rehash: Legal Solution Only Way To Solve 1965 Illegal Tax Promise

During recent discussions with individuals and to group meetings, we've acquired the feeling that the Mercury's position regarding Blue Grass Kite's tax exemption has been misunderstood. Therefore, if you will bear with us we'll try to explain our position.

First of all, it is necessary to explain our understanding of the legal aspects which are involved and the reasons these aspects exist today. A promise was made in 1965 by Mayor Powers to Blue Grass Kite for five year tax exemption. Mayor Power did not consult the City Attorney regarding what was required legally to fulfill his promise.

The discovery that the tax exemption was illegal, of course, put the city in the predicament of finding itself in violation of its promise. It is not to be understood that the city is in violation of its promise. It is not to be understood that the city is in violation of its promise.

MERCURY VAPOURS

THIS IS RIGHT TO BRING A CIGARETTE. Someone called the police station Friday morning reporting that a man was in a ditch at the west end of town. "A King and a King", Police Chief Allen Earle wrote in the scene and found the employee, Carl Handley, hunched reading a water meter. You can't find out policemen are wise in doing their job.

The job we must see is a special job, as stated by the Mayor, to provide a way for you in one of their adventures. Since we have a way to get \$30 for the ink and only used a little ink, we thought a little extra for the printer things up—it must have if we were people we could use a little ourselves this way.

1. J. Berry Burnaw, Clerk of the County Court for the County and State aforesaid, certify that the foregoing is a true, complete and correct copy of the Official Ballot to be voted at the Primary Election to be held in Nicholas County, Kentucky on Tuesday, May 27th, 1969, and the names of the Candidates above listed will be arranged in the same order on the voting machines for said county.

TO THE VOTERS OF NICHOLAS CO.

Please don't forget we have a democratic primary TUESDAY, May 27, and that we are a candidate for the Sheriff's Office. We have worked with the officials of the County and City and we have a good understanding of the duties and problems of our county. As your Sheriff it would be my policy to carry out the duties of this office in strict accordance with the law, but maintain absolute fairness in dealing with all people.

I believe that with my experience in the Sheriff's dealing with all classes of people, we would make better men for the job. The office of the Sheriff has changed very much in the last few years. It is not just a daytime job, for we are on the job night and day. I have a deputy who lives in the City and I live in the County, therefore, we can be available in minutes. If we are elected you may feel free to call us at any time for any services of which we are capable.

We won't be able to see all of the voters of the County, because we still have to maintain our office, as you would want us to do. This is the first time a man acting as Sheriff has run for the office and this leaves us very little time of our own. We will try to see all of the voters. If we miss anyone it will be because time has run out.

We want to thank you for your consideration. We want to ask the voters and our friends to help us in any way. There will be times when we can repay you with a service from this office. Hoping you will vote on May 27, 1969 and vote for the man you know has done the job well. Your Sheriff's Office is just as good as the voters make it. Thank you for all past favors in helping us do our job well.

If you want a ride to the polls call 289-5262.
