

Vikings Crush Jackets 46-0

By Allen Waugh
The powerful Rowan County Vikings rolled up a 46-0 victory Friday over the hapless Nicholas County Blue Jackets.

The Vikings wanted no time getting on the board. Mike Almer fell on the opening kickoff on the Rowan County 45, and the Vikings pressed onward to pay dirt. Danny Phillips ran the ball down field to the Bluejackets 36 line. One play later, he scooped them from the two for Rowan County's first TD. Quarterback Billy French passed to Phillips in the end zone for the two point conversion and the Vikings led 6-0 with 10:45 remaining in the first period.

The Nicholas defense held Rowan County scoreless until 10:41 in the second quarter. At 10:41, Mike Almer found space in a hole, but Larry "Hammer" Smith was waiting in the end zone to sack him. Again he had off center Phillips, who galloped into the end zone for a 20 yard touchdown pass. The Vikings led 16-0 with 10:41 remaining in the second quarter.

This started a scoring streak that has changed the face of the football game in this area. The Vikings have scored 46 points, and the Bluejackets have scored 0. The Vikings have scored 46 points, and the Bluejackets have scored 0.

Hammer helped their own cause by recovering fumbles. Greg O'Hanlon turned in a fine game as he saved the game for the Vikings from turning into scoring days.

Some plays got Rowan County rolling again as he scored from six yards out. Danny Phillips ran for two more points and Rowan County had a dominating 40-0 lead with 10:45 left in the contest.

Edgar Kennedy added another scoring spree, prompting in to lead dirt from yards for three points. A really great together to keep the Bluejackets from getting his name in the scoring statistics. The following week night was over Rowan County had collected their 5th win against 1 look and 1 tie.

Friday afternoon the Bluejackets were not in a position to meet "have left a mark as they turned out as possible."

THURSDAY, OCTOBER 23, 1969

In the future when you see these people treating students, turning over cars and hitting cops with their "peace" signs, it will not be fair to them for you to simply say, "these damn commies." Because the group is comprised of communists of different types - SCUM, BRATS, SHEEP, SMUT and POP. You don't want to violate their Constitutional rights do you? However, when you see a group of "children" expressing themselves you probably want a word that will include the entire group because, I admit, it is really good that they have the right to be properly identified. So, all signs and letters do not write hard about "peace" Everything included as SWINE (Students Widely Ignorant about Peace) Everything included. I believe that this term does properly identify them.
