

A Letter To Santa

It is our belief that the billy old man who controls the allegor of the world each 25th of December should be allowed to choose children as well as gifts. It is our belief that what gifts are more appropriate for each child than his or her own.

It is our belief that the billy old man should not be allowed to add his own opinion and add the things he would like to give to a child. The billy old man should be allowed to choose from a list of children.

It is our belief that the billy old man should be allowed to choose from a list of children.

In Case I'm not around at Christmas

In case I'm not around at Christmas, I want you to know that I am still thinking of you. I want you to know that I am still thinking of you.

I want you to know that I am still thinking of you. I want you to know that I am still thinking of you.

I want you to know that I am still thinking of you. I want you to know that I am still thinking of you.
