## Kay's Kitchen

By Kay Fisher

Well the taxes have been paid and you have either reached the stage of tightening your belt to recover or, it seems such a last cause, you just say what's the use. Either way, you must eat.

If you are in the belt tightening group try this for a good one dish meal. Let me add this to you--you are the cook and know the size of your family and if they are light eaters or have good healthy appetites. Most casseroles serve good healthy appetites. Most casseroles serve good healthy appetites. Most casseroles serve good healthy appetites.

When ready to serve sprinkle finely chopped parsley over it and garnish with a sliced hard-boiled egg. If there are only two persons to be fed and you want a lot of food to have some extra for a couple of two to eat with you. Company food should not mean a lot of extra work and expense. After all it is the companionship of your friends that is important.

Oil and Vinegar Dressing  
1/2 cup vinegar  
2/3 cup Olive Oil  
1/2 tsp salt  
1/2 tsp sugar
