think who gave it to her. She has several nieces and nephews, all in Indiana and Illinois. They are teachers and ministers. Aunt Cora misses her pen pals now since she can't see to write to them. She has pen pals all over the United States.

Lizzie Ratliff had a birthday April 22. The fellow workers in the kitchen remembered her. On Sunday her daughter and family from Winchester, daughter Wanda from Carlisle and stepdaughter, Janice Barbee and three children from the County visited their mother. They had a big dinner. There were lots of presents. They just sat around, ate, drank and were merry. Lizzie told us all about it, but didn't dare tell us how old she is. Oh well, she couldn't be too old, to be as spry as she is!

Rev. and Mrs. Harold Rice had recent visitors from Wurtland. They were Bro. Rice's mother and father, Rev. and Mrs. John Rice.

Household hint--Cucumber peels will drive out ants and crickets.

The trouble of being a parent is that by the time you've experienced, you're unemployed.

Don't get so busy with your spring work that you don't have time to make the old folks a visit as there haven't been many visitors in the last few days and you are being missed.

At the home you can always see something different. Flory Bowles' sister-in-law, Mrs. Lida Bowles brought him an arrangement of plastic flowers which were set in a clump of cinders which had been sprayed with silver paint, rather unique.

"Who is more satisfied: A man with a million dollars or a man with six children?"

"A man with six children. A man with a million dollars wants more."

The old people are not too different from children. When the dandelions and violets first appear, the children stop their playing and gather them. The old ladies who could get out in the yard came in with their hands full of dandelions. The colors are beautiful, but how aggravating those dandelions are!

The kiss of the sun for pardon, The song of the birds for mirth...You are closer to God's heart in a garden, Then anywhere else on earth.

MRS. LILLIAN HART of Pendleton County, recently appointed by the State ASC Committee after being confirmed by United States Department of Agriculture, as District Director, spent the past two weeks in the Nicholas County ASCS Office as part of her training program prior to being assigned 12 counties in Kentucky which she will serve as Director. Mrs. Hart (at right) is pictured with Alma Atkinson, Nicholas County Executive Director.

"New savings even in our older home.. by converting to electric heat." MR. AND MRS. EUGENE FUGATE, SOMERSET

"We figured on special problems with our 9-room older home that would make electric heat expensive—though well worth it," says Mr. Fugate. "But it costs us only $183.00 a year. And we haven't spent one thin dime on service or repairs. Nothing to go wrong."

"My housework is much less too," adds his wife, "along with redecorating and cleaning costs. Flameless electricity just doesn't seem to make any dirt at all."

Electric heat also offers a wide choice of modern systems. But if your present heating is forced-air, your new electric *furnace* installation is already half completed. Your central air conditioning too.

Get the facts. Call our nearest office for an accurate estimate of *all* costs of converting to and enjoying electric heat. Then *you* make the decision.
