The last day of the year and to bring you luck in the new year of 1971, on New Year's Day one is supposed to serve a very fragrant meal of greens, black-eyed peas, smoked pork and cornbread. For the cornbread, use your favorite recipe. However do cook it in smoking hot grease on a stick pan or iron skillet for a delicious crisp crust.

Tomato Apple is a good salad with this meal and is easy to prepare. You can use 1 package of gelatin dissolved in 1 cup hot V8 juice and then add 1 cup of cold V8 juice, dash of salt, Tabasco and juice of 1 lemon.

Any stray dessert you may have left can be eaten at this meal. The main idea is not to spend money on a fancy dessert.
