Bracken Baptist WMU To Meet

The Bracken Association Baptist Woman's Missionary Union will meet at the First Baptist Church, Maysville, Jan. 22, at 10 a.m.

A regular order of business will be conducted at the morning session.

The afternoon session will be a Prayer Retreat led by Mrs. T. Howard Kinston, Prayer Chairman.

All ladies of the association are urged to attend these meetings. Visitors are invited.

Taxpayers Ask IRS

1040 U.S. Individual

Q--I won't be working anymore this year so why can't I file my tax return now? I could use the money I'm expecting to get back.

A--Existing regulations provide for the filing of an income tax return after the end of the tax year, which, with rare exceptions, is the calendar year for employees, even though you may not work or receive income during the rest of the year, a tax return is required to be filed on the basis of a full tax year. To avoid delays when you file for your refund, make sure you have a Form W-2 statement of wages paid and taxes withheld attached to your return. Your employer should have given you your W-2 within 30 days after leaving employment.

Q--I was billed for additional income taxes. Can I pay this off in installments?

A--Full payment is due by the date stated on the bill. There is no provision in the law for paying these taxes on an installment basis.

Q--The exemption I claimed for my wife's sister is being disallowed. Is there anyone else at IRS I can talk to about this besides the agent that examined my return?

A--Notify the examiner that you do not agree with his disallowance of the exemption you claimed and request that a district conference be arranged. At this conference, your side of the story as well as the agent's will be reviewed on the basis of the facts and law involved.

If the tax in question does not exceed $2,500 for any year, no written protest is needed to obtain such a conference. The people who handle these conferences are specially trained and act independently of those examining your return. This helps assure an impartial review.

Q--I want to buy my son a shotgun so he can go hunting with me this fall. Is it against the law to give him the gun since he's 16?

A--Since your son is under 18, he is not old enough to buy a rifle or shotgun under the Federal gun statutes, however, you can buy the gun for him.

Q--When I sold my house I had to pay a penalty on my mortgage because it was paid off early. Is there any deduction for that?

A--The penalty for paying off a mortgage before the due date is considered an interest charge. Include it with your other interest payments if you itemize deductions.

Q--Why did you raise the rate on the highway use tax?

A--The rate on this tax has not been raised. It is still $3 per 1000 pounds for trucks with a taxable gross weight of over 26,000 pounds.

The weight schedule, however, was revised effective July 1, 1969, to reflect the fact that trucks are now larger and carry heavier loads than previously.

September 1 is the filing deadline for trucks being used on public highways during July. Form 2290 is used to file and pay the tax.

Q--I want to get rid of some old checks and bills. What ones should I keep for tax purposes?

A--Records that support items on an income tax return should be kept at least until the statute of limitations expires. Ordinarily this is 3 years from the date the return was due.

Other records such as those on property acquisitions, capital improvements and the like should be kept much longer. For example, if you sell a house you bought in the 1940's, you should have the records to establish what it cost when you acquired it, and the cost of any improvements you made.

Q--Where can I get forms and information on the Social Security tax on household help?

A--Contact your IRS district office and ask for Form 942, Employer's Quarterly Return for Household Employees.

Returns covering the second quarter (April, May, June) are due July 31.

Q--How does IRS pick the returns that it checks?

A--All returns are checked for mathematical accuracy and completeness. In addition, certain returns are selected for more detailed examination.

This year IRS has started a new way of selecting these income tax returns for audit. Under this system, each return is analyzed by computer and receives a score based on possible errors. The returns can then be ranked as to their need to be examined.

Q--Would I lose my exemption for my son if he earns over $600 this summer?

A--The amount of your child's earnings will not necessarily change his status as your dependent if he is under 19 at the end of the year or was a full-time student during five months of the year. Under either of these exceptions to the $600 rule, you may continue to claim him as long as you provide more than half his support and the other tests are met.

And your home is probably half cured right now!

Converting to electric heat, you have a wide choice of systems. But if your present heating is a forced air type, your electric *furnace* installation is already half completed. In any case, *electric* heat—flameless, clean, even—is the modern cure for what ails any drafty home that's heated the *old-fashioned* way. And electric heat is *economical*—freeing you from service contracts, seasonal check-ups, maintenance and repair bills.

Get the facts. Call our nearest office for an accurate estimate on all costs of converting to and enjoying flameless electric heat. Then *you* make the decision.

Electric heat is pure comfort
