Wheat Referendum Is Postponed

Secretary of Agriculture, Clifford M. Hardin, has announced postponement of the National Wheat Referendum previously scheduled for July 27-31, according to Harvey Wagner, chairman of the Nicholas County Agricultural Stabilization and Conservation (ASC) Committee. The action was authorized by Congress.

The postponement permits the USDA to delay holding the referendum not later than Oct. 15, 1970, or 30 days after Congress adjourns, whichever date is earlier.

Accordingly, the U.S. Department of Agriculture's ASCS, which administers the wheat, feed grain, and similar programs, has instructed its State and County offices across the nation to withhold ballots and other referendum materials, Mr. Wagner said.

The chairman explained that basic farm legislation requires a referendum for wheat marketing quotas. However, the Agricultural Act of 1965 suspended this referendum requirement from 1965 through the 1970 crop year. Unless new farm legislation, now pending, is enacted by the Congress, basic legislation will again go into effect, and a referendum will then be required in 1970 for the 1971 crop year.

ASC Issues Reminder On Diverted Acres Use

While most program participants are familiar with these regulations, the chairman said, he suggests that producers who have questions or need further program information call or visit their county ASCS office.

Conserving base acres in the 1970 farm programs may be harvested for hay or grazed aprime Wagner said, but they cannot be converted to a non-conserving use, he added, such as growing grain for harvest.

Officers for the coming year are: Don Smith, president; Tom Metcalfe, vice president; William F. Smith, secretary-treasurer.

Coy Reunion

The annual Coy family reunion will celebrate its 25th anniversary on Sunday, Aug. 2, at Koenig in Lexington.
