Farm Products Receipts Reach All Time High

Cash receipts from the sale of farm products, in Kentucky, rose to an all time high of $881,685,000, an increase of 6.9% over 1968. Income from livestock and livestock products continued to increase, accounting for 55.6% of cash receipts compared to 54.0 percent in 1968. Kentucky moved up 2 places and now ranks 21st out of the 50 states in total cash receipts from farm marketings. Only five states declined in cash receipts from the previous year.

Realized net income per Kentucky farm for 1969 was $3,472 compared with $3,036 in 1968. The 6.9 percent increase in cash receipts from the sale of farm products coupled with a decline in the number of farms produced a 14.4 percent increase in realized net income per farm. Receipts from most major crops rose in 1969. Sizable increases were also registered for livestock and livestock products. (Estimates for individual crops and livestock items will be published in a later issue of this report.) Costs of production also rose sharply during the past year, as reflected by the difference between gross and net farm income.

CAWOOD CALLS

BASKETBALL
By Cawood Ledford
WHAS Sports Director

Kentucky's Wildcats still have one game to go before again embarking on the NCAA tournament trail. When the 'Cats won the league title year, it marked the first time that any athletic team had earned a Southeastern Conference championship 25 times. Kentucky will set an NCAA tournament record when it puts in its 18th appearance in the famous post-season classic, March 12 at Columbus, Ohio.

Before the Wildcats hit the tournament trail, they have a rugged assignment this Saturday afternoon in Knoxville, Tenn. Although the Vols are having one of their worst seasons, it has always been a herculean task for Kentucky to prevail at Knoxville. Since 1965, Kentucky has been able to win only one game on Tennessee's home court, while the Vols have taken four. Rupp's Runts of 1966 had run off 23 straight victories before they got their come-uppance at Knoxville, 69-62. In fact, the only team in the last five years which has been able to win at Knoxville was last season's club; they claimed a 69-66 decision.

The outcome of this year's game would seem to be only academic. The Kentuckians have already gained the SEC title and Tennessee's hopes of any post-emotional season invitations do not appear bright. But even so, it should be a highly emotional game. A victory for the Vols over arch-rival Kentucky would salvage a great deal from what has been a disappointing year. A Kentucky victory would enhance the Wildcats' chances of finishing high in the regular season polls and would give them a boost as they prepare to hit the tournament trail.

Wherever Kentucky's season ends, somewhere in the NCAA tournament or with a fifth NCAA championship for Coach Rupp, the names of Dan Issel and Mike Pratt will go down in the Wildcats' illustrious basketball history. For three straight years, this pair led Kentucky into the NCAA tournament. Issell has shattered virtually every scoring record in the books. Pratt has earned for himself the well-deserved reputation of being at his brilliant best in the close games. This pair will be severely missed, but well remembered by Wildcat fans everywhere.

Car Damaged Friday Night

A car was considerably damaged Friday night when it failed to make a curve on the North Middletown-Carr Ridge Road, running off the roadway and tearing down about 100 feet of fence before crashing into a couple of trees, Deputy Sheriff Jesse Clark, of Bourbon County, reported.

He said the car, southbound, was driven by Donald Hollar, 28, Carlisle, Route 2.

The deputy stated the car tore down about 100 feet of fence on the William Rogers farm before it struck the two trees at the side of the road.

Hollar was uninjured in the accident, which occurred about 8:30 p.m.

All motor vehicle dealers shall procure one license for each dealer tag or plate held by them. Said licenses will be obtainable at the office of the City Clerk-Treasurer.

2. Upon the purchase of each such license from the City Clerk, the purchaser will receive a license sticker which shall be placed in the lower right side of the windshield of each motor vehicle, or in some other prominent place on vehicles having no windshield.

3. The period for which each license shall be valid is the calender year, January 1st to December 31st, and the last day for purchasing licenses each year shall be January 15th.

4. Any motor vehicle which first comes under the application of this ordinance after February 1st of any year shall be subject to a prorate portion of the license tax, but in no event shall the tax on each vehicle be less than Two Dollars and Fifty Cents ($2.50). If such license is not procured within thirty (30) days after a motor vehicle is so affected, a penalty of ten (10) percent shall be added to the tax. Possession of a State license or license tag shall be conclusive proof of ownership and operation of any vehicle covered by this ordinance.

5. Transfer from one motor vehicle to another of any license issued pursuant to the provisions of this ordinance shall be unlawful.

6. Any person, firm, partnership or corporation who or which transfers a vehicle for which a license has been procured, and acquires another vehicle in its stead, shall pay a license fee of One Dollar ($1.00) for each such additional license procured.

7. Any person, firm, partnership or corporation found to be in violation of the foregoing provisions of this ordinance shall, upon conviction therefore, be fined not less than Ten Dollars ($10.00), nor more than Twenty Dollars ($20.00) for each such violation.

8. All license fees collected hereunder shall be placed in a special account to be known as the "Streets and Alleys Account", and shall be used solely for the construction, repair and maintenance of streets and alleys in the City of Carlisle.

9. If any part of this ordinance is for any reason declared to be invalid, such invalidity shall not affect the remain parts.

All previously passed ordinances or parts thereof in conflict with the provisions of this ordinance are hereby repealed, and any balance remaining in the "Fire Engine Account" of the City of Carlisle as of the effective date of this ordinance shall be transferred to the said "Streets and Alleys Account".

11. This ordinance shall become effective on April 1, 1970, after its passage and publication as required by law.

WHEREUPON, on motion of Councilman Booth, seconded by Councilman Hunt, and upon a majority vote of all Councilmen, present in quorum, this ordinance was passed and adopted, this the 2nd day of March, 1970.
