

## A Hattering Development

The U.S. Department of Justice and Attorney General J. Edgar Mitchell are to be congratulated for their initiative in appointing the leaders of the extremist, violent "Minutemen" and "New Patriots" to the so-called SDS - Students for a Democratic Society.

It is now to be recalled that they travel under the banner of "students" all of the accused are 21 years of age or over - and that none of them are legitimate "Minutemen." Mark Rudd, the national leader of SDS and leader of the Weatherman faction, is 22 years of age; so are Jeffrey Jones, Terry Robbins, Linda Evans, John Jacobs and Lawrence Weiss. The "veterans" of the movement Hermaidine Dohrn and Kathy Boudin are 27 and 26 years of age, respectively. The youngest SDS activist to be indicted was Jeffrey Clark, 21; others include Lewis Clark, Howard Machinger, Michael Spiegel, and William Ayres, all over 21.

The federal grand jury indictment charges that the SDS leaders conspired together "to bring the nation of the United States to chaos and induce persons to travel to Chicago in 1969, are not to be charged in the future.

**Editor, The Carlisle Mercury:**  
It was not my intention to cancel my subscription to the Mercury, but Ted and I were out in Denver during the month of April when the Mercury was published. I was celebrating our Golden Wedding - rather our children and grandchildren had gathered from four corners to give us a grand reception which lasted all night long. I am enclosing a clipping from the Mercer County (Ohio) Chronicle. Sorry there was no mention made of the wedding taking place April 7, 1950 in Carlisle at the First Church on East Main. But these good people in Northwestern Ohio (when Kentucky is mentioned) they are from Louisville, Kentucky. There is ever so much more to the State, West, I guess I haven't been very successful in selling them my native state, have I?

I would like Lewis Soto to know I enjoy every item he sends to your paper. Makes me feel as if I have had a visit and chat with Frank and Ed. I would like to mention that my father was recently honored as "Educator, Inventor, and Man of Vision" and admitted to the Hall of Fame for his contribution to American Agriculture. He was the inventor of the company which has become the largest manufacturer of farm implements in the State of Ohio. I am sending a check for my subscription. I have no living relatives. **FRANKFORT:** The political poll sponsored by allies of Lt. Gov. Louie B. Nunn's Republican campaign for governor, although this side effect wasn't intended.

The Republicans don't have an administrative candidate, but the John Craft organization that took the poll for J.R. Miller, one of Lt. Gov. Nunn's Cooper's chief supporters, used Highway Commissioner Eugene

Ordinary, editors have a pretty good idea of how things ought to be. The editor of a small Missouri newspaper, in describing the departure of a local family for Kansas, wrote in the local paper before he left, "I am the small daughter of the house kept by her out and said:

## MERCURY VAPOURS

During this graduating season, we think the following which first published in "E. Hooper & Sons", Industrial News Review Digest, worthy of printing under our Mercury Vapours heading:

"Now I am only 18 years old and there are still a great many things about the world that I don't understand. But there are a few simple truths I am sure of, and these I will keep with me the rest of my life. It is these simple truths that I think make up an American citizen."

"THIS I BELIEVE: I was the idea of free enterprise conducted freely and without undue hindrance which made it possible for this country to get ahead through individual imagination, intelligence and industry."

"THIS I BELIEVE: America is a nation for all people who want to be involved and work hard to make democracy work... who want to make their own lives better and this nation greater by the sweat of their brows."

"THIS I BELIEVE: America's business has played a vital role in helping this country forge ahead and that American business will continue to carry on its great tradition and take an even greater role in keeping the American society strong..."

"THIS I BELIEVE: America will remain a great nation as long as her people do not forget that the ideals of dignity, honor, pride of accomplishment and respect for one's fellow man have made and still make this country strong."

**LOVE OF HORSES CAN WIN 4-H SCHOLARSHIPS**

Six 4-H equestrian this year will be riding their horses right up to the threshold of higher education. They will be the 1969 winners of \$200-dollar national scholarships, awarded in the 4-H horse program. Horse ownership among 4-H'ers has kept pace with the soaring pleasure-horse population throughout the United States. We'll over 200 thousand boys and girls are riding in the 4-H horse program - an enrollment increase of 250,000 in the five-year age. Merck & Co., Inc. is the awards donor for the program.

All 4-H members are urged to participate in the 4-H horse and Pony Show on June 1, sponsored by the Carlisle Yards. The show will begin at 7:30 p.m. at the Carlisle Recreation Field. For further details or a list of classes, contact Sara Swango, 4-H Agent, at the County Extension Office.
