

NURSING HOME NEWS

Nina Baugus' daughter, Miss Catherine Baugus flew down from Chicago where Mrs. Baugus had been for several months. Catherine came along to see that she was well situated. When Kentucky became a state in 1792, there were 43 churches within its boundaries. We just can't be perfect, will make mistakes. Last week it was stated that the Adult Bible class of the Carlisle Christian Church had sent Her- this is the first year for him to enjoy the paper. There was another mistake too. It was Mr. Jim and his sister, Miss Ann Letcher, who instead of Mitchell, who had been transferred to a Cynthiana home. They were accompanied by their brother, Earl Letcher. Mrs. Vivian Lyons of Millersburg is the new Director of Nursing. Mrs. S.O. Sprain, who has been a resident of the home for several months has been transferred to Coney's Home in Mt. Sterling. Her daughter, Mrs. Waller Sharp of Shapartsburg came to help her move. How many of you ladies remember when you were young about making up Larkin orders? What ever happened to Mr. Larkin? Did Mr. Avon buy him out? It's not the number of people who are working at a business that makes it successful, it's the number of people who know God's will. And always follow well His plan. Faith is conspicuous. It's caught as well, as taught. I'll make today the best I can. So I will keep my feet on the ground. There's much being said these days about onions and roses. Their colors are quite different.

KINDERGARTEN GRADUATION--Class of 1970. FOR A COOL SUMMER!

Heating ducts put you half-way home with electric central air conditioning. Time is running short! But if you have forced air heating, you can still beat the first heat wave with a comfortable margin. Chances are, all you need is a compact electric air conditioning unit--and suddenly heating ducts become a source of cool, clean, dry and filtered air for every room in your home.

Electric central air conditioning gives you the perfect atmosphere for the day's activities, and for a good night's sleep every night. Don't wait until units are in short supply! See your dealer today. Have the other half of your electric central air conditioning system installed before you need it.
