

Your 'Yes' Vote Needed

Should the burley growers vote against accepting the new... should there be NO price supports for tobacco growers during 1971.

20 & 40 Years Ago

Thursday, April 24, 1951... Lawrence J. Heyman, former resident of Carlisle and Lexington, has been elected Mayor of Chaffee, Mo., a manufacturing town of about 2,000 people.

Commissioner Miller on Kentucky Agriculture

Thursday, April 23, 1951... I have never forgiven my wife for the big wedding the spot into a few years back. It was more the spectacular it turned out to be than the \$20 marbled I blew on the bouquet.

When Men Like to suffer, even when they are blissfully happy

In Greenland, the bride is captured and forcibly brought before the groom. It was the other way around in America. In Algeria, when Charlie Boyer was always chasing girls in the Caber, the parents and the bride insist the groom's cattle. If they approve the bride rides off to the groom on a cow, a cow, a cow.

Over in India, the priest ties the couple's hands together. But for some things, it is that, but the priest has to know how to tie a decent knot. The bride and groom of Australia all together again and again, chased by the father and brothers of the bride. When everybody gets tired of the bride's mother says, "Better let him have her," and they're married. About a year later, but for some things.

There is some consolation in living and dying a common cause who does nothing to rise over in the pages of a history book. Because, if you have made a big splash and you think you've been taken part in your climb to be overshadowed by the new bride dragging out of a smoky kitchen to bring the groom his first burnt offering. In marriage, it's what he does for her lastly that counts. Nobody in the world goes on weddings like Americans. Other countries don't see matrimony as just big deal and try to make it as painful as possible.

MERCURY VAPOURS

This one should be easy to write. I spent three days and a night in the mercury mine, and take it from me, a lot can happen in three days.

Now on to the story, I hadn't heard when I was paid a couple of Gals' Tower Inn, and I thought to myself—how it's good news, for after all one doesn't attend a press meeting and expect anything but good news.

Farm & Home

The Nicholas County 4-H Rally Day was held on Monday, April 19, 1971 at the Carlisle High School.

I'll Clean it Up 'Gentlemen', But I Don't Like It—Mercury pie

point program. This means that we will be operating without any type of program. Due to the continued increase in pounds per acre, the U.S. Department of Agriculture has declared that the present acreage system is not keeping production from going down.
