The future is too important to be left to tomorrow's "but waiters" in these greatesse without drama, and we need to be creative. But we cannot leave them to tomorrow. The daily tasks, will do and performed in the light of tomorrow, are the steps by which we move into a creative future, with hope in hearts, and with confidence in the future of our children.

Mrs. William Wilson and another lady were from Paris one day and visited Miss Elsie Anderson.

Mrs. William Ritchie was seen coming through the hall one day and visited Miss Elsie Anderson. They were for Herman Conyers. By the way, if you have been missing Mr. Herman at Sunday School and church for a few Sundays, it's because he's been a bit "under the weather" and hasn't been to church for a few days. He is still recovering from a cold that he picked up at the Christian Church.

Mrs. Maurice King was out one day and took her father, Roy Snapp for a ride to work.

Rev. Marshall Crouch of Cynthiana and pastor of Herrington Chapel Church was around to visit some of his friends one day. He's a welcome visitor any time.

Mrs. Maggie Hammonds talked her dog Jim and quite a lot. She said she fed him bread crumbled up with milk poured over it. She said sometimes she gave him a little meat, which was high but once in a while the neighbors gave her a little piece.

Mrs. Robert Hamilton came to see the members and friends of the Christian church were listening to the recording of Bro. Rice's sermon on "Like Warm Christians."

Mrs. Willie Logan Hartwick sent word to Herman Conyers that she was still waiting for him to "dig out" of his trunk the picture of the Stoney Creek school.

As we have stated some times before Mrs. Minnie Mitchell always finds something nice to say to each one who comes around. She says she loves to see anyone dressed up and looking nice.

Ovill Howard is a fairly new member of the "right and correct" group. He says he can remember when he wasn't over eight years old at the most that he went to the barn and got him a big piece of "hog green," as it was thought he was going fine; went to the house and he was wearing it as he arrived, got very sick. However, he wasn't sick enough to quit for he's been chewing ever since. We believe he was 88 years.

Here's another tobacco story. This is a smoking one. Mrs. Elsie Datzelle said when she and Mrs. Alice T. Hamilton Taylor were about 12 or 14 they decided they would smoke and so they went to the barn, took down some long green and made them each a big cigar and took several big puffs

of Detroit. His Jeff will graduate from high school in the spring. Helma said Uncle Tom, before he came to the home, bought each one of his seven children a new Bible for Christmas. He said, "Now when I'm dead, I probably won't leave you any money, but I'm giving you the best 'life insurance' you can buy."

and felt "big" too. She said it wasn't long until they both got so dead they died. This must have been the end of their smoking.

Mrs. Carrie Mitchell has a lovely winter bouquet in her room. With one rose, we'd say this came from one of her five daughters.

Tony Dutton has to stay in bed but he's always ready for a chat. He isn't too long ago a fellow stopped in to see him at his little farm home in the hills.

At this writing, Mrs. Gertrude Waddell and Leroy Cooper are in the local hospital.

John Sminton was enjoying some good looking cookies. He didn't remember who brought them but some "good fair" had been around.

Some of the Smathers family was around Sunday to see Mr. Earl. They were from Sharpburg.

Most after-dinner speakers are men because women can't wait that long.

Driving is a lot like baseball—it's the number of times you get home safely that counts.

Harvey Elliott's folks were here to see the members and friends of the Christian church were listening to the recording of Bro. Rice's sermon on "Like Warm Christians."

on Sunday instead of Saturday and distributed his bag of goodies. There were cookies for his mother, "Miss Nannie," Mrs. Dilzelle and Mrs. Ellen Kenney remembers some of her old friends and neighbors. She spoke of Mrs. Minnie Shunkin who used to sell flower and garden plants in the spring; and also Mr. and Mrs. Tom Griffin, Mrs. Lucy Diamond, and Mrs. "Pud" Tomlowe.

It makes no difference how sick Justice Guthrie may be, he always stopped in to see him at his little farm home in the hills.
