

# Beating The System

Many stories have appeared telling of abuses of the federal government's food stamp program. One comes to mind that equals or tops the best of them—the woman who also helps to beat the system can thrive on this air, interviewing over these free-lancers, a columnist for the California Tribune writes, "He boasts that for 50 cents he buys \$28 worth of food stamps... Each week he uses the stamps to buy exactly \$27.51 worth of groceries and gets 49 cents back in cash as change, the maximum amount of cash change he can receive. This he adds one penny for the 50 cents to make a total of 99 cents for the next week. The fourth week he also helps to beat the system, stamps to friends for \$15 cash. Thus in a month he's paid out only \$14.97 worth of stamps, for which he gets \$83.53 worth of food and \$14.97 profit in cash. "It seems there is always a way to beat the system, particularly the system of a burgeoning welfare state."

## Where Does All Your Taxes Go?

REPRINTED FROM "THE NEW CURATOR"

As you among that legion of middle-income American taxpayers, with only a couple of extra kids who wonder where his income tax payments go? As a taxpayer, of course, in an individual case—with different exemptions and deductions which may or may not figure out his own income tax. But, for the sake of argument, let's say you're an average taxpayer who comes of \$10,000 and let's take into account your four exemptions and a standard 10 percent deduction. You owe Uncle Sam about \$1,117 this year, according to the Internal Revenue Service.

- For natural resources and pollution control, \$20.90.
- For agriculture and rural development, \$12.80.
- For commerce and transportation, \$12.80.
- For community development, urban housing and housing program, \$22.00.
- For interest on the national debt, \$19.80.
- For space research and technology, \$15.40.
- For general government expenses, \$34.20.
- For revenue sharing (if adopted) and related programs, \$28.60.
- For interest on the national debt, \$94.60.

## Cira 1936 at 112 Locust Street

This is the way we used to do it in the good old days of letter press. And that's the late Perry starts who fed many a sheet of newsprint into Rachael's maw.

Thinking of letter press reminds me that I've been making halftone negatives for a little over 20 years, having installed an early line press in March of 1951. The results of which for the first few years were horrible. For the past nine years all halftone negatives have been made for the lithographic process and for the most part pictures have been much clearer when we begin the trying of a new process. I have used the simpler words Photo Mechanical Transfer and also Photo Lithography. I have used the national debt, \$94.60.

Thursday, July 15, 1971 County Agent Mason Saturday afternoon at 2 o'clock to discuss a plan to reduce the section force for these men and a foreman. Local dealers were paying 46 cents per bushel for wheat here Wednesday. This is the lowest price paid for wheat in many years. The yield is reported good. Miss Jeanette Cox will be unopposed by either party for circuit clerk and her name will not appear on the primary ballot. She is a candidate for the unexpired term of L. Hughes. Judge Paul D. Darnall and County Attorney Floyd V. Cox were in Frankfort Tuesday to attend the meeting of the State Highway Board. Comm. on Education. Mrs. Patricia Ann Moore, daughter of Mr. and Mrs. William Jennings Bryan Winchester, to John James Hopkins, Frankfort. Mrs. Patricia Ann Moore, daughter of Mr. and Mrs. John W. Moore, to John W. Moore, Jr., Frankfort. Mrs. Patricia Ann Moore, daughter of Mr. and Mrs. John W. Moore, to John W. Moore, Jr., Frankfort. Mrs. Patricia Ann Moore, daughter of Mr. and Mrs. John W. Moore, to John W. Moore, Jr., Frankfort.

## 20 and 40 Years Ago

Thursday, July 19, 1951 Raymond Wesley, county superintendent of schools, announces the new high school is about 70 per cent complete, also the employment of four new teachers to head departments. They are: Miss Jewell Boone Ellis, Cravellsville, Home Economics; Miss Jane Stump, Pikeville, Music; Charlene Finnell, Lexington, and Dagdad, Physical Education; and John D. Scanlon, Lexington, English.

Local Boy Scouts Billy Gilroy, Billy Bunting, Bobby McClary, Jackie Shepherd, Donnie Joe Hamplinger, Wayne Carter, Billy Pugh and Cooke Beckett, and Scoutmaster Charles Dixon returned Saturday from Camp Offutt, near Tyrone, where they received training of superior campers. Nicholas County students Eric Hines, Cayford Caswell, Charles Davidson, Dorothy Dixon, Bobbie Harney, Ezra Mattox, Billy Jo Morrison, Robert Palmer, Martin Pamphrey, Truman Richley, Earl Pugh, Geraldine Shepherd, John Soper, Arlie Wells, Nancy Taylor, Billy Taylor, and attending summer school at the University of Kentucky.

Rev. Paul Neal, son of Mr. and Mrs. Roy Neal, is holding a revival at the Battle Run Christian Church in Fleming County. BORN—To Mr. and Mrs. Joe Donny, Paris, a son William Joseph, July 13, to a couple Mr. and Mrs. Henry Howland, Nicholas County, a son, William Baxter, July 13. MARRIED—Miss Betty Lou Myers, daughter of Mr. and Mrs. Stanley Myers, to S.R. Barlow, Jr., July 13. Miss Robert Barlow, daughter of Mr. and Mrs. Eugene Booth, to Charles Watkins, son of

### THE PIED TYPER

By Dick Mandy

"Your family must have been hellen." That's what my wife said after one look at our family. I was sitting at the typewriter. I'd warned her. But she had to do it. She sent away to those horridly loud speakers to dig up a record worth the two bucks you send them. The dossier was the first of the kind. It was the family crest that flipped her. "No every family can brag about having two topnotch dancers on the same team," I assured Momma. Modesty has never been a family virtue. "The medals," she corrected me. Mermaids are more respectable, because they work ships which, in a woman's mind, is better than wracking homes. "You will notice grandpa's eyeglass in that picture," she said. "Just plain lucky," I admitted. "It's a funny thing how we came by those two bareheaded beauties on the family album. Ordinarily, I like to let sleeping dogs lie, but in this case, I believe I can do a better job."

Homey quick brought my illustrious ancestor, Apollonius, in his Homeric poems about his favorite hero, Odysseus, who was always getting involved with strange women. If it weren't for Apollonius's cool, Odysseus could never have gotten past even the Lotus eaters, let alone the other freaks he ran into.

**CANNING** Vegetables which are low in acid (such as corn, lima and green beans) must be canned using the pressure cooker method. Bacteria in the middle and yeast are forms of plant life known to acidities as microorganisms. When these plants are not destroyed by heat, they grow in canned food and cause spoilage. Bacteria and yeast are easily destroyed by the temperature of water. The jar cap may release or bulge.

**BACTERIA** is more difficult to destroy, when bacteria is in spore form, the boiling temperature of water, 212 degrees, will not kill them. Spore means that the bacteria have formed a protective coating which enables it to resist the temperature of boiling water. Bacteria spores can be killed when held for a period of time at 240 degrees. The temperature can be raised by pressure. In a pressure canner the following happens: 3 lb. pressure—water boils at 228 degrees F. 10 lb. pressure—water boils at 246 degrees F. 15 lb. pressure—water boils at 250 degrees F.

**BOTULISM** is a paralyzing disease which is fatal in 65% of the cases. It is caused by a toxin given off by clostridium botulinum bacteria. The toxin grows even without air. It is odorless and tasteless. There is no apparent change in food. Botulism leads to muscular paralysis and death occurs from inability to breathe.

**STERILIZATION** is a type of spoilage caused by yeasts and molds. Fermented food usually has gas bubbles and a sour odor. The jar cap may release or bulge. **STERILIZATION** is a type of spoilage caused by yeasts and molds. Fermented food usually has gas bubbles and a sour odor. The jar cap may release or bulge.

## Highway Engineer Huddleson Retires

W. K. (Skin) Huddleson, Falls Church, was presented a colored television during the ceremony at Falls Church, Va., July 15, 1971.

## Millersburg Rotary Club Meet Reported

The "White Elephant Auction" held Saturday, July 3, in the City Park by the Millersburg Rotary Club proved to be a very profitable and successful project.

A club resolution unanimously expressed thanks to each good and generous citizen of Millersburg and the adjoining area who supported and donated items which were auctioned by Earl Hamm to obtain funds to assist in supporting community projects such as Boy Scout Troop #64, students to the Spoke Conference in Lexington, students to the Spoke Institute held annually in Cincinnati and other worthy community projects. The auction provided a fund of approximately \$600 which is reserved entirely for worthy community projects.

In this first meeting of the 1971-72 Rotary year the new president, Bobby Turner, presided and launched the club year with an excellent message. The reading of an article from July Rotary Magazine, "Good will begins with you," by the new president of Rotary International, I. Ernest G. Brettholz of Malmar, Sweden. Rev. Julian Simpson, Methodist pastor, was introduced and welcomed as a new Rotary member. Rotarians were introduced and welcomed to Mayor Bill Stephens 1960-1970, president and Colonel Jim Lilly Leer 1970-1971 president.

**In Service** Army Private Jackie L. Stages, 18, son of Mr. and Mrs. Lonnie Stages, Route 2, Sharpsburg, recently completed eight weeks of basic training at the U.S. Army Training Center, Armor, Ft. Knox, Ky. He received instruction in drill and ceremonies, weapons, map reading, combat tactics, military courtesy, military justice, first aid, and army history and traditions.

**Books Donated To Library In Memory Of Mrs. Wesley** The following books are now available at the Nicholas County Public Library. They were donated by friends, in memory of Mrs. Faye Wesley, through the Carlisle United Methodist Church. Eight-volume set, "The Letters of John Wesley," edited by John Telford; "John Wesley," by Ingar Haddad; "The Steps of John Wesley," by Frederick C. Gill; "John Wesley and The Church of England," by Frank Baker; "Susanna-Mother Of The Wesleys," by Rebecca Lamar Harman; "Charles Wesley—The First Methodist" by Frederick C. Gill; three-volume set, "The Journal and Letters of Francis Asbury" edited by Dr. Elmer T. Clark, etc., "Francis Asbury" by J. C. Rudolph; "Thomas Coke: Apostle of Methodism" by John C. Wickens three-volume set; "The History of American Methodism," seventeen-volume set, "The Daily Study Bible Series" edited by William Barclay.

**Young Readers Bible (RSV)** "Young Readers Dictionary of the Bible" by Helen Doss; "Young Readers Bible of Christian Symbolism" by Michael Davis.

**Young Readers Bible (RSV)** "Young Readers Dictionary of the Bible" by Helen Doss; "Young Readers Bible of Christian Symbolism" by Michael Davis.

Homey quick brought my illustrious ancestor, Apollonius, in his Homeric poems about his favorite hero, Odysseus, who was always getting involved with strange women. If it weren't for Apollonius's cool, Odysseus could never have gotten past even the Lotus eaters, let alone the other freaks he ran into.

My family has the only X-rated coat of arms

Odysseus and that's why he filled his crew's can full of cotton and hid himself to the side. The reason Homer mentions very little about Apollonius is because right here in the story he is listed as the most beautiful rock music and took off to live among the beautiful sirens which they tasted. On one of the island, Homer said, "The crew was not much to be feared. They had a hundred years ago a Prussian stipendiary named Christ Metzger in a hurry following a movement of communal living, which always attracts free lovers. Christ left Europe three jumps ahead of the sheriff and came to America. He went to Iowa and set up the most successful company in the history of our country. Some legacy. He wanted to go down in history as the last of the red hot Mercedes. He started making Amas freizes to cool down the temperature in his cute little motor. Most of our family has been on the road ever since. "So get us banned in history, if it will make you feel better," I told her.

practise today, but back then was considered out of sight. Cice flattered her eyelashes at Odysseus and he was ready to say "out" when Apollonius rushed up with some major roots to give his buddy's 12-hour underarm deodorant a boost. Odysseus moved in with the pig queen and it was the next day before my nervous ancestor could get his friend back on the road again. "I was a year, but his pig, I'm doing the cooking," he told him. "You had better stay away from that earth that does not perform on schedule, it is a torado. The best advice is torados live
