Miss Wallace Graduates

MOREHEAD, Ky.—Carol Sue Wallace, Carlisle, Route 3, was graduated from Morehead State University earlier this month with a bachelor of science degree. Miss Wallace's name was inadvertently omitted from an earlier issue of the Nicholas County Graduate.

She was graduated with "high distinction" in recognition of her cumulative grade point average of at least 3.0 on a 4.0 scale. The May commencement included more than 600 graduates in a ceremony which was a truly magnificent part of Kentucky's natural heritage which was given efforts the Red River Gorge has been saved for future generations.

Louisa Attorney Found Guilty Of Tax Evasion

Louisville, Ky.—Former Lawrence County, Kentucky, County Attorney Dan D. Bail was found guilty after a three-day trial by jury in United States District Court at Lexington, Kentucky, on May 20, 1971, on four counts of indictment which charged that he willfully attempted to evade and defraud a large part of his income taxes for 1963, 1964, 1965 and 1966.

The United States charges that the correct tax for the four years was \$18,133.47, but that Bail reported a total of \$3,477.91 on the returns filed. The British Are Coming!

The British are coming! But, this time, it's a friendly invasion—150 young farmers from Devon County, England, will be in Kentucky Sept. 29-28 to learn firsthand about farming and rural life in this state.

These young men will visit Kentucky farm families during their stay here, according to Boyd Wheeler, area director with the University of Kentucky College of Agriculture's Cooperative Extension Service, who also works with Extension international programs. Families who would like to serve as host for a week or two of these young British farmers should contact their local county Extension agent.

Who will give them a warm welcome? It will be the first phase of a two-way exchange. In 1972, Kentucky will send an equal number of young farmers to Devon County, England, for a similar visit.
