Kay's Kitchen

By Kay Fisher

This week I am devoting Kay's Kitchen to recipes using Girl Scout Cookies. The cookies should arrive in Carlisle, March 17 and selling will begin immediately. So, when the Brownies or Girl Scouts ring your door bell be prepared to purchase the cookies and try making these desserts.

The recipes were released through the Wilderness Road Girl Scout Council Inc., Lexington. The Council includes 57 counties in Kentucky, one in Ohio and one in Tennessee.

GENERAL SUGGESTIONS

Buttered Flavored Shorties and Vanilla or Chocolate Cookies can be crushed and mixed with shortening to make wholesome and delicious pastry for pies such as custard, lemon, butterscotch, chocolate cream, etc.

These Girl Scout Cookies may also be used to line a mold to be filled with your favorite gelatin desserts.

The cookies are very good if topped with a marshmallow and a dot of butter and browned quickly under a broiler.

MINTED BROWNIE PIE

14 Chocolate Mint Cookies
3 egg whites
dash salt
3/4 cup sugar
1/2 teaspoon vanilla
1/2 cup chopped nut meats
1/2 to 1 cup sweetened whipped cream

Beat egg whites while cookies chill, Crumb cookies between waxed paper by rolling. Gradually add sugar to egg white to form stiff peaks. Fold in cookie crumbs, nut meats and vanilla and spread in buttered 9 inch pie plate. Bake 35 minutes at 325 degrees; cool thoroughly. Spread with whipped cream, garnish with shaved chocolate (unsweetened) curls. Chill 3 to 4 hours.

COOKIE SOUFFLE

Using Butter Flavored Shorties
1 cup scalded milk
12 cookies, broken
4 egg yolks
1/2 teaspoon vanilla
4 egg whites
pinch of salt

Pour milk over cookies, add well beaten yolks and cook in a double boiler until thick. Cool. Add vanilla and stiffly beaten whites and salt. Put in a pudding dish in pan of warm water to bake for 35 minutes at 325 degrees. May be served with chocolate sauce.

MINT ICE CREAM

1can condensed milk (sweet)
1 pint cream (2 jars)
12 to 20 mints, thoroughly chilled to make brittle

Whip cream and add condensed milk slowly mixing well. Put Mints in a paper bag or between two sheets of heavy oil paper and roll to crumbs. Stir these into the cream and pour into the tray of electric refrigerator. When partially frozen, remove from refrigerator and stir once more.

CHOCOLATE CREAM ICE BOX CAKE

1 cup heavy cream
1/4 cup sugar
1/2 cup instant sweet cocoa mix, or 1/4 cup cocoa and 1/4 cup sugar
dash of salt
1/2 teaspoon vanilla
12 Butter Flavored Shorties

Whip cream mixed with cocoa mix or cocoa and sugar, salt and vanilla, until thick. Spread some of the mixture on each cookie and put them together in a stack or roll, placing it on a platter or refrigerator dish. Frost outside with remaining chocolate cream. Store in refrigerator 8 hours or overnight, then cut in diagonal slices about 1 inch thick. For Mocha Roll, add 1 to 2 teaspoons instant coffee to the cream mixture. Serve with chocolate sauce. A good variation is to use plain sweetened whipped cream and when ready to serve, add a sauce of sliced strawberries.

DATE AND NUT ROLL

Using Butter Flavored Shorties
1 dozen Girl Scout Cookies--crushed but not too fine
3/4 cup chopped dates
14 marshmallows, cut up
1 cup chopped nuts
1/2 cup whipped cream

Combine the above, saving 1/2 cup crumbs. Mix well and roll up with 1/2 cup crumbs on the outside. Wrap in waxed paper and put in refrigerator at least 5 hours. Cut in slices and top with whipped cream.

Taxpayers Ask IRS

This column of questions and answers on federal tax matters is provided by the local office of the U.S. Internal Revenue Service and is published as a public service to taxpayers. The column answers questions most frequently asked by taxpayers.

Q) I just got my refund. Does that mean my return was OK?

A) The fact that you have your refund means your return contained all the information required to process it. Later, you may be asked to verify the accuracy of an item on your return, but it is not IRS policy to hold up refunds until a decision on whether to examine a return is made.

As a rule, tax may be assessed anytime within three years from the date the return was due to be filed. For this reason, keep your records on your 1969 tax return for at least three years. Records on stock purchases, property acquisitions and the like should be kept longer.

Q) Shouldn't my employer increase my withholding now that I've had my 65th birthday?

A) You are entitled to an extra exemption for age which will reduce your tax withholding. To make this change, fill out a new withholding certificate, Form W-4, and give it to your employer.

Even though you became 65 after the start of the tax year, you are entitled to the entire amount of the exemption allowed for age on your next tax return. Exemptions are not pro-rated.

Q) Will profits from a sale of stock be taxed higher this year under the new law?

A) The alternative capital gains tax has been increased. However, up to $50,000, (25-000 for a married person filing a separate return), capital gains will be taxed at the same 25 percent alternative rate as they have in the past. Gains over $50,000 will be taxed at a 29½ percent rate for 1970. In 1971, the alternative capital gains tax rate will go up to 32½ percent. Capital gains will be taxed at an effective maximum rate of 35 percent in 1972.

Q) Where can I get a copy of the new withholding rates that are effective July 1, 1970 so that I can adjust my payroll?

A) The new withholding rates are in Circular E (Rev. June 1970) which is being mailed to employers throughout the country. Extra copies may be obtained at your IRS district office.

Q) What do you have to prove to deduct moving expenses?

A) Two basic conditions must be met to qualify for moving expense deductions. First, your new place of employment must be 50 miles farther from your old home than your previous place of employment. To state this another way, you would meet this requirement if it would be 50 miles farther to go from your old home to your new job than it was before you changed jobs.

The other requirement is that you be a full-time employee on the new job for at least 39 weeks of the 12 months following your move.

To meet these requirements it is not necessary to have your job before you move. They can be met by persons moving to look for work as well as those who are either transferred to a new location or accept a new job that requires them to move.

Q) I greatly increased the value of my property this spring by putting in a number of ornamental, shade and fruit trees. Can I get tax credit for what I spent?

A) Although these expenses cannot be deducted they can be capitalized and added to the cost basis of your property. Only those costs which increased the value of the property can be added, however. The expense of maintaining your home may not be deducted or capitalized.
