Wendell Ford... a break with the political past.

This time, let's get rid of cheap politics and elitism... that kind of special interest government that costs us millions in extra taxes and ruined land.

The politicians who you paying tax on medicine. Wendell Ford led the fight to end that tax... and others.

The land-spoilers are ruining our country. But Wendell Ford has told them, in crisp, clear words that their spoiling days are over the day he becomes governor. So the land-spoilers are supporting Wendell Ford's opponents.

Wendell Ford will break with the political past... will take the load off the people. And the people are saying, "It's about time. Isn't it time the people had a Governor? Wendell Ford... a strong voice, a clear head. A FIGHTER FOR PEOPLE."
