

Nursing Home News

By Virginia Smith Donovan

Don't forget the Old Folks in your very busy life. They too in the years gone by, knew the hustle and bustle of the home.

It seems as this chicken story goes out on Rose Manor and Gene Neal said Herman Conyers used to be the one who would color eggs, even when it wasn't Easter. Mr. Herman said he had a set of those chickens but coons and fox just about "cleaned" them away. Just left three or four which he gave to a nephew five miles away, and the coon and fox got them too. He said the highest he ever heard of a setting of eggs being sold for was \$30 for 15 eggs. Said he never charged more than the regular price, although he had been offered more.

John White is a new patient. He hails from Robertson County. Mrs. Nellie Willmoth has gone from the home and is now living with a niece.

Just as hard to sleep again—Anne Morrow Lindbergh
Paul Crouch of Lexington visited his son, Steve Dzialle, and cousin, London Street.

Mr. and Mrs. Ray Wells of Bourbon County visited Mrs. Wells' mother, Mrs. Gertrude Woodall.

Uncle Tom Jackson and Mrs. Maude Hamilton have both gone to their eternal home.

We wish to extend our sympathy to Mrs. Thelma Morris who is saddened over the death of her father, Elton Spang.

It's a case of fun and go to auctions and junk shops. One never knows what he will get with what he has bought. Recently went to an auction and got an Apr. 1, 1901 telephone directory. It was not a book, but a piece of paper, 14" x 9 1/2", rolled up with a rubber band around it. The name of the company was "Carlsle Telephone Company". J. J. Welch, manager. There were 175 people listed in the Carlsle exchange. It seems as if Dr. G. W. Grimes had the first phone and Boone Ingolia light plant the second one. The only business places which now have the same name are: Depoat Bank, C.C. Cole and Ruff Bros.

Moorfield and Carlisle line had the subscribers: George Long and a short ring; Moorfield line, seven subscribers; Carlisle line, one and a short ring; Dr. L. K. Swango 4 short rings; J. H. Collier 7 rings; Blue Light Springs line, eight subscribers; Dr. W. J. Martin 2 rings; Dr. J. M. Wells 1 long, 1 short ring; Bramble line had six subscribers; Dr. Burnett 5 rings; Ben Henry 6 short rings; Taylor's Creek line, had six subscribers; James Barr 1 long and 2 short rings; Plum Lick line, at subscribers; John Field back 3 rings; Myers Station line, at subscribers; W. M. & M. Company 1 short and 1 long; Hackett line, six subscribers; Leslie Taber 3 rings; James Parker 4 rings; Carlisle Barterville and Crayton line, six subscribers; George F. Broderick 3 short and long ring.

It seems as if Aug. 1, 1901 there were 238 telephones in Nicholas County.

The print is very small and unless a person had good eyes it would be hard to see some of it without a magnifying glass. Oh yes! The rates of long distance at night were reduced if the call was over 30 cents.

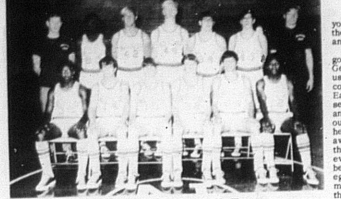

So much for that!

Mrs. Maude Dike has left the home and plans to spend the winter with a friend at Brantley, Mrs. Brantley, I believe.

"Daddy, will you give me 50 cents for a new hat?"
"When I was your age, I gave for 100," then, please give me 50 pennies."

Due to the illness of Rev. Charles Lewis Cooper there was no worship service for the week of Nov. 14.

The old pass on as time goes by. You too must age, "is true. The bread you eat on the waters now, the rain to be returned to you—Amen

Sensing The News

By Anthony Harrigan, Executive Vice President Southern States Industrial Council

Current negotiations concerning the future of the Panama Canal could lead to another setback for the cause of freedom in this hemisphere.

Public attention has been focused on the Nixon administration's new Asian policy, which has resulted in expulsion of the free Chinese enterprise become, and still is a part of the coalition beholding in the United States. As such it is exclusive control by the United States is necessary for national defense as well as the control of the Chesapeake Bay or New York Harbor is necessary for national defense.

The senator added: "It is discouraging to report that negotiations are once again underway with the Nixon administration in preparation to turn over much of the Panama Canal Zone to the Panamanians."

No need exists for such action. The United States purchased the Canal Zone and dug the canal. It has been generous, perhaps excessively so, with Panama. The U.S. has a right to the Canal Zone in perpetuity.

Control of the Canal Zone is one of the few strategic and political assets from a position of unquestioned power in this hemisphere. Indeed the Panama Canal is essential for interlink mobility for the U.S. naval vessels. An effective operation of the canal would be feasible if an unstable, left-oriented Panamanian government controlled the Canal Zone. Panama, unfortunately, is a not-

Surrender of Panama Canal?

free world narrowly avoided Axis political domination in Panama.

An American resident of the Canal Zone recently protested in a letter to the New York Times any sell-out of the U.S. control of the Canal Zone, stating: "The error under which the people of Panama exist," "is this kind of life we are expected to live in the Canal Zone? Are we Americans who have fought for freedom since the birth of the country, giving surrender now?"

"Now is the time for the American people to let President Nixon know they are opposed to any surrender of American control over the Panama Canal Zone or any surrender of American control over the 'Crossroads of the World'." If the American people don't assert their convictions on this point, the U.S. acquiesces in the Panama Canal Zone may be as the cause of the Free Chinese has faded at the hands of liberal advisers in the White House and State Department.

Customers may inspect price records

Economic Stabilization Regulation No. 1 states that in order to facilitate access to price records of sellers, the seller must maintain and have available a list of his selling prices for inspection by the customer.

If the customer questions the selling price, he may ask the seller to produce his supporting records. If the seller refuses to produce these records, the customer should provide evidence of the alleged violation to the local office of the Internal Revenue Service and file a complaint. The Internal Revenue Service will then investigate the complaint.

4-H leaders attend meet in Georgia

Fourteen adult 4-H leaders, two Extension workers, and a 4-H'er from Kentucky received special training in modern ways to serve today's youth through 4-H at the recent Southern Regional 4-H Leader Forum, held at Rockledge 4-H Center, Easton, Ga. Those who went to the workshop from this state were: (left to right) Mrs. W. R. Ample, Calhoun; Shelby Coggins, Miss Marie Lennon, Russellville, Mrs. Ample Calhoun, Lexington, state Extension program specialist for 4-H; Huasey, Lexington, state Extension program specialist for 4-H; Mrs. Doris Anderson, Danville; Mrs. Robert Balligall, Mt. Olive; (back row) Mrs. Bonnie Gibbs, Smithland; Mrs. Mildred Semora, Paducah; William Johnson, Lexington; Mrs. Harold Fones, Grayson; Tommy Davis, Stanford, president of the Kentucky 4-H organization; Dr. Deane Milbach, Princeton; Mrs. J. H. Shour, Georgetown; Mrs. Glenn M. Masale, Paducah; Mrs. Stella Withington, Cranston; and Mrs. M. C. Masale, Lexington, state Extension program specialist for 4-H.

KAPCC issues permit to Eastern Ky. RECC

The Kentucky Air Pollution Control Commission (KAPCC) has issued a permit to Eastern Kentucky Rural Electric Cooperative Corp. (RECC) for a 300 megawatt power plant near Mayeville.

The vote stipulated that when operating, the plant will not violate or contribute to the violation of Kentucky's ambient air quality standards.

The vote was eight for the permit, two against and one abstention. James Jones Jr. and Sam Rayburn opposed the permit in a previously defeated motion.

The RECC permit came up first at the commission's Sept. 28 meeting, but was delayed when many Mayeville residents presented an affidavit calling for a public hearing. After the hearing in Mayeville residents presented an affidavit would oppose granting the permit and would take action in federal court to abate pollution from the Ohio plant. Neal, his assistant, said no court action could be taken against the Dayton Power and Light Company now because of lack of evidence. Neal indicated that when there was enough evidence to take action the Ohio plant would be brought to court.

On the other side, James E. Jones Jr., graduate student at the University of Kentucky and one of the commission's three public members, said the KAPCC should not grant the permit on a project that by the time the RECC plant was complete in 1976, the situation caused by the Ohio plant would be corrected and on speculation that RECC would not operate as the air quality standards were exceeded.

More lead sponsors free concert

Robert Mumper, a former Morehead State University faculty member, is presenting a guest piano recital Tuesday, Nov. 30, in MSU's Baird Hall at 8 p.m.

The 8 p.m. program includes sonatas by Berg, Brahams and MacDowell.

Mumper, who now teaches at the State University of New York at New Paltz, is completing his performance degree in piano at Indiana University.

Morehead State University Presentation Ensemble is presenting a concert Thursday, Dec. 2, at 8 p.m., in MSU's Baird Recital Hall. Conducted by Robert Schlemmer, the group will perform works by Bach, Gardner, Berg, Thomas Brown, Earl Hatch, Gordon Peters, Michael Colgrass and Arthur Cohn.

Both concerts are free and open to the public.
