BIRLEY 'HITS BACK' MERCURY

By Jack Lewyn... From the earliest period of settlement, tobacco has had a major influence in shaping the economic and social life of Kentucky...

74.3 percent of all crops produced in Kentucky farms and 33 percent of all farm commodities. The pattern of farm production varies by counties, but for most areas it is tied closely to the life of Kentucky...

The money tobacco has produced in the billions, has flowed through the banks, businesses and large cities and filtered through the banks, businesses and institutions and governments...

Today, the production of tobacco on thousands of Kentucky farms produces, annually, some 300 million new dollars, which, in turn, spin through a complex pattern of use and reuse, business to business...

THE PIED PIPER

"Ever heard of Paul Twitchell?" I asked my wife the other night at the supper table.

"This is a soul travel, baby, it has nothing to do with psychic phenomena, ESP, astral travel, table tipping, fortune telling or yoga, I tried to explain."

"Twitchell switches good like a newspaperman should" like a newspaperman should... "More than a million people around the globe, most of whom I have never seen, believe this amazing man is a living God..."

20 and 40 years ago

Agree or Not

Continued from Page 2... agreed this is the most lack-lustre campaign in modern history...

No candidate has caught the fancy of enough voters or created any groundswell to insure his victory come Nov. 2. This situation has been created among the voters.

Any effort to analyze the outcome from the facts known at the moment is an exercise in futility, or about counting of disaster as a political prognosticator.

There are two known factors in this campaign. First is the District to going Democratic, and the Fifth which is going to the Republicans.

There are no readable signs in it, or a whole lot of political observers in this district are predicting "sleeping over a Chinese laundry."

Farm and Home

Continued from Page 2... alfalfa from around mid-September to frost-down. Alfalfa needs from five to seven weeks to recover between harvests...

Carlisle were awakened to this coldness toward youth. Why should all young people fear what a few fear? We were drunk and drinking beer bottles and scratching off, but this sort of thing has happened many times recently.

Fall is the best time to treat plant beds for weed control. Many growers have changed to fall treatment. The soil temperature should not be lower than 50 degrees.

There are no readable signs in it, or a whole lot of political observers in this district are predicting "sleeping over a Chinese laundry."

THERE'S A

IN TOWN WITH THE SLICKEST DRAW IN THE WEST.

GREAT NEW RIDE. This all-new '72 Dodge pickup has a new independent front suspension. Combine this with a wider track, front and rear, plus a longer wheelbase (131 inches), and you have a great new pickup with a great new ride.

DEPEND ON THE DODGE BOYS

ROOPIES CAB AROUND.

The Dodge designers gave this all-new pickup doors that are two inches wider for easy entry and exit. Shoulder room has been increased 2 1/2 inches over floor plates, and the tailgate gives you a full 13 inches of seat height for greater leg support.
