

Nursing Home News

By Virginia Smith Donovan

It's always too hot or too cold, Mrs. Lillian Daley Kennedy over the phone, said she went to school with Uncle Tom and Tony Dotson at Bald Hill.

Joe Duncan and James Flora of Frankfort and the Darrella of the county visited Mrs. Gilbert Dun-

can and others on Sunday. Mrs. Lila C. Kean has gone to her eternal home. It was nice to talk to Mrs.

Lillian Daley Kennedy over the phone, said she went to school with Uncle Tom and Tony Dotson at Bald Hill.

Guess you read in the paper we were to have a back yard. Continued on page 9

Boy Snapp is again living at the home. The "Cute Boys," Stewart and Phillip, came Sunday to see their uncle, Linden Stewart and Lawrence Price.

"Miss Mince" Mitchell's birthday was celebrated at the home of her daughter, Mrs. Betty, and her daughter, Mrs. Betty, came to see her Sunday. Her husband and family from Indiana came one day recently.

"Miss Pearl" said she always liked her name. When asked why she was named that she said she guessed her Grandmother Cleaver named her.

At the present time, Miss Effie Anderson, is in the St. Joseph Hospital, Lexington, and "Andy" King is still in the local hospital, Carol Cottage of Bourbon County.

John Clay's son, Allen, came from Mayaville to see him Sunday. Mr. White, Mr. Sorrell and Mr. Clay on Sunday. John Clay's son, Allen, came from Mayaville to see him Sunday.

Due to the absence of the pastor of Wesley Church, Bro. Alvin Eckler had charge of the worship service Sunday. We again met in the dining room. Since there was no piano, the "Meadley Boy" went home and got his guitar to start the songs and he did a good job. Several old hymns were sung.

Bro. Eckler read part of John 15. He explained it like a good Sunday school teacher would. He compared our lives with the branches on the tree and God the tree. There were 25 or more present. Mrs. Evans gave the prayer.

Our own Barbara Griffin and Attorney Billy Hopkins were married Saturday, Sept. 11 in Lexington. They are now away on their "honeymoon." Lots of luck Barbara and Billy!

Helen and Clay Myers and her parents, Mr. and Mrs. Harlowe, were in town Sunday. Had supper in Mayaville and watched water drilling on the River in Ohio. Thelma Morris is holding her head mighty high these days, for she is a great-grandmother for the first time. Her great-granddaughter, Crystal Lynn Thornburg was born Sept. 6, Thelma and Uncle Tom are running a race. So far Uncle Tom is ahead of the class.

It's just like Ruby Smart said people are always feeling sorry for the preacher, but no one feels sorry for his wife, and she has a

A HOT IDEA FOR EVERY HOUSE AN ELECTRIC WATER HEATER!

Imagine the convenience of having hot water on tap all the time. Gallons and gallons of hot water. Enough for every member of the family. And for every farm or household chore. An electric water heater is quick and safe. There's no flame or fumes to worry about. It's easy to install and operates so economically—thanks to low-cost rural electric power.

Enjoy the extra convenience of an electric water heater. Your Rural Electric System will gladly furnish free information which will help save you money when you install your electric water heater.

PROGRESS

Work seems to progress slowly on the abutment for the bridge over Somerset Creek. This view was taken from the East Union side looking toward Kenneth Stephenson's residence.—Lanc photo

The Wage-Price Freeze

This column of questions and answers on the Wage and Price Freeze is provided by the local office of the U.S. Internal Revenue Service and is published as a public service. The column answers questions most frequently asked about the Wage and Price Freeze announced August 15 by President Nixon.

Q—I'm getting out of the Army in two weeks and returning to my old job. Can I receive pay increases I would have gotten if I had not been in the Service?

A—Yes. Veterans returning to their pre-military employment during the freeze, are entitled to all the increases they would have received had they not served in the military. Employees are hired at the pay scale in existence during the 30-day base period of July 16 to August 14.

Q—Is the Internal Revenue Service the only place where you can get information on the wage-price freeze?

A—No. Information on the freeze and assistance with complaints is provided at the 10 Regional Service Centers of the Office of Emergency Preparedness, and the more than 3000 offices of the Department of Agriculture's Agricultural Stabilization and Conservation Service, as well as 500 Internal Revenue Service Local Service and Compliance Centers throughout the country.

Q—Are welfare payments covered by the freeze?

A—No. Welfare payments are not covered by the freeze. They are not payments for services rendered and, therefore, are not wages.

DISMISSED: Harry Johnson, Mary Buswell, Louise Wade, Esther Spencer, Ethel Hobbs, Walter

in state or local taxes? No. This is not permitted during the freeze? Q—What are some of the food products not subject to the freeze? A—Raw agricultural products, such as fresh fruit and vegetables, fresh fish and seafood, honey, and other products that retain the same physical form they possessed when they left the farm gate, are not covered by the freeze.

Q—The lease on my apartment is about to expire. I know my landlord has raised rents for new tenants in similar apartments. Can he now raise my rent? A—No. If a tenant's lease expires, his rent may not be raised to the level being paid by new tenants in similar apartments. Can he now raise my rent?

Q—Can my city government increase rates for gas and electricity? A—No. State or local governments may not increase charges or fees for government-provided services. However, state and local tax rates, and fees for licenses or legal penalties, such as traffic tickets, are not frozen.

Q—Can merchants pass on to consumers the cost of an increase

Push Your Profits Up Put Your Fertilizer Down NOW

Full application of Southern States Fertilizer pays off. Here are 10 important reasons why you should get your Southern States Phosphate, Potash and Lime down now while the getting's good:

1. Fertilizer prices are almost always lower in the fall. You save money.
2. Fields are usually firm and dry. Less soil compaction.
3. Full fertilization eases the spring work load. You may be able to plant your corn earlier.
4. Fall-spread plant food has a chance to work down to the root zone for bigger crop yields. There's practically no nutrient loss.
5. Roots tend to grow deeper. Plants resist drought better.
6. Fertilizer spread in the fall helps "winterize" your forage crops.
7. You avoid wet spring problems.
8. Quick delivery is assured. No delays.
9. No difficulties obtaining desired analyses.
10. You can seed cover crops and apply plant food in the same trip.

See your Southern States Cooperative Agency now. For CORN, SMALL GRAINS, COVER CROPS, FORAGE CROPS—the facts favor fall fertilization.

SS Southern States Fertilizer

"We knew our 50-year-old home could never be converted to electric heat."

So we did it—thank goodness!"

Mr. and Mrs. Harvey L. Ayers, Lancaster, Ky.

"Heating our house comfortably and economically just didn't seem possible," says Mr. Ayers. "But we put it up to the people at K.U. and now we're enjoying the finest comfort we ever knew. Electric heat. And we had no maintenance or repair costs, either. It's great!" Mrs. Ayers is delighted with her new electric heat, too. "I'm most impressed with how clean our home stays, and how comfortable it is."

LISTEN TO FACTS, NOT FICTION. Electric heat offers a wide choice of modern systems. Call our nearest office for an accurate estimate of all costs of converting to electric heat. Then you decide.

FLAMELESS ELECTRIC HEAT IS PURE COMFORT!
