Garrett's

By Virginia Smith Donovan

Donovan of Texas, and one from Indiana. They each brought pretty things which were shared with Mrs. McCarty's roommates, Miss Cordia Bell.

Enjoyed talking to Mrs. Henry Carter about when Miss Cordia Bell used to walk to Parks school. She later got a job teaching at East Union bought a car, hairdresser and she thought Miss Cordia was really happier when she walked.

'Hello Dolly'
to be presented

Performances of the award-winning musical "Hello Dolly" will be presented by cast members of "The Stephen Foster Story" on three consecutive Monday evenings, Aug. 7, 14 and 21, in Talbot Amphitheatre, My Old Kentucky Home State Park, Bardonia, at 8:30.

Miss Diane Mabey, Louisville, will play Dolly. She received her Bachelor's and Master's degrees from Westminster Choir College in Princeton, N.J., and has additional training at Indiana University and Hochschule fur Musik in Hamburg, Germany.

She has performed with the Indiana University Opera Theatre, Louisville; the Bach Society, and Kentucky Opera Association.

Miss Chuck Shelbyville, is cast in the male lead as Horace Vandergelder. Chuck, a Western Kentucky University drama major, has appeared in and directed college productions. He was a member of the Shawnee Professional theatre, Ind., last summer.

Reservations for "Hello Dolly" may be obtained by calling (502) 346-5071 or writing to P.O. Box D, Bardonia, Ky. 40004.

You can't take all the "ick" out of getting ready for school...

PRO-MO LIQUID PROTEIN

Pro-Mo is a liquid feed supplement providing 32% protein for use in feeding ruminant animals. It contains essential nutrients that enable dairy cattle (heifers and dry cows also) beef cattle and sheep to use grains and forages more efficiently in the production of milk and meat. These ingredients are premium grade molasses, phosphoric acid, liquid urea, trace minerals, Vitamin A, Vitamin D and Vitamin E. These ingredients are blended in a modern process by Southern States Cooperative, Inc., to prevent separation and maintain ingredient stability.

It is a real labor saving way to provide supplemental protein in a wheel feeder.
