March of Dimes honorary state chairman named

The Kentucky March of Dimes has announced that Mrs. C.C. (Betty) Lowry of Murray has been appointed Honorary State Chairman of the 1973 Kentucky March of Dimes for the second consecutive year.

In accepting the appointment, Mrs. Lowry stated that she has traveled a lot of miles this past year for the March of Dimes cause and she has enjoyed it most rewarding work and she is happy to again be named State Honorary Chairman.

"Research comprises up images of test tubes, laboratories and white-coated scientists uncovering the innermost secrets of nature," noted Mrs. Lowry.

That today people demand immediate results. The further stated, "that one institution that relies steadily on research to bring about socially desirable results is The National Foundation-March of Dimes, the voluntary health organization that conceived polio. It did it through research, and it did it by supporting great scientists and letting them follow the tortuous research path down which their intellects led them."

Why Give Miss Dior This Christmas?

1. Because men like women who wear it.
2. Because it's young, vivacious, and subtle (but definitely sexy.)
3. Because it's unique... not just one simple floral note, but a complex blending of 60 elegant flowers underlined with touches of sandalwood; its fragrance can only be identified as Miss Dior.
4. Because it's extravagant. ¼ ounce, 10.00; ½ ounce, \$17.50; 1 ounce, 30.00.
5. And because it's from Dior. The people who know a little something about fashion.
