NEXT WEEK'S HOROSCOPE

By Clay R. Pollan

Note planetary ruler of your birth symbol

FOR WEEK BEGINNING MONDAY, AUG. 6, 1973

★ If your birthday occurs this week . . .

. . . you are energetic, adventurous and impulsive in nature. You often startle others with your original ideas and concepts. You are a naturally endowed leader, but are uneasy when under authority. Fact is, you don't like to "wear another man's collar." Contacts of value will be made through socializing.

Aries Mar. 21 - Apr. 19 Pluto

You may have spells of gloominess this week, but someone will come along to cheer your life unexpectedly. A chance comes to prove your ability to some one in authority. It's a fairly good money week but be conservative. Be sure associates understand your status. Refuse to be discouraged.

Taurus Apr. 20 - May 20 Venus

A new task, not to your liking, may fall to your lot. Do not fret over the unfairness you believe exists. Keep your fertile imagination down to earth. If your creative ideas don't seem to materialize, just don't worry. Plug up money leaks. Check expenditures carefully. Don't risk money.

Gemini May 21 - June 20 Mercury

Someone seems to want to be helpful and will likely pressure you to join a new organization. If it doesn't sound like your cup of tea, turn down the invitation graciously. Remember recent resolutions, especially where your diet is concerned. Refuse to be bogged down with past concerns.

Cancer June 21 - July 22 Moon

Avoid driving a great deal this week, if possible. Let someone else be behind the wheel. Your mind is unusually preoccupied as you may be trying to find an avenue of escape from a trying situation. Partnerships and close relationships are subject to change. Discussions bring rewards.

Leo July 23 - Aug. 22 Sun

A planned trip is subject to change. An unusual message is the cause of excitement. Keep very well clear of self-invited "sponsers", especially those who come borrowing. You make surprising gains. Be aware of your potentials. Look beyond the immediate. Plan for the future.

© 1973 McNaught Syndicate

Virgo Aug. 23 - Sept. 22 Mercury

You are relieved of a burden which was never rightly your own. Clear the decks and get started on new projects. A new field for opportunities is worth exploring. Don't grant favors where they're wasted. Don't squander precious time on vain regrets. Improve conditions by correcting certain habits.

Libra Sept. 23 - Oct. 22 Venus

This week holds good prospects for altering present conditions in your home. Discuss with helpmate the conditions in your home. Discuss with helpmate the things that bother you. A friend will be giving you something decorative for the home. Also, you may receive a token of affection. Push a new venture vigorously, consistently. Don't let up.

Scorpio Oct. 23 - Nov. 21 Mars

Don't press for decisions from loved ones. Let any problems be mulled over quietly. Unorthodox procedures in your work now could prove beneficial. You can make a move that does not involve security. An unusual opportunity will be presented. Grab it. Entertain at home. Invite a business associate. Mix pleasure with business.

Sagittarius Nov. 22 - Dec. 21 Jupiter

Favorable aspects permit business and credit expansion. Partnerships are harmonious. Executives respect your mature acumen. Concentrate your mind on something big. Treat yourself to some long-wanted luxury. Use your natural Sagittarius charm. You'll be pleased and surprised at the results.

Capricorn Dec. 22 - Jan. 19 Saturn

Definite gains shown this week, financially and emotionally. Events happen that unlock a new door of opportunity. Read reports carefully. They have a useful message to convey. You revel in special attention. People respect you for your drive and knowhow. Good ideas abound. Be selective.

Aquarius Jan. 20 - Feb. 18 Uranus

Opposition melts away. You get the green light for something. You make surprising gains. Be aware of your potentials. Look beyond the immediate. Plan for the future.

Pisces Feb. 19 - Mar. 20 Neptune

Make this a week of sociability. Be generous, outgoing. Have a good discussion with some lonely person. Entertain at home. You will be pleased by the compliments received. Legal matters could dominate. Stay within the law. If patient, you'll win. An Aries individual becomes a valuable ally.

Kay's Kitchen

By Kay Fisher

The good old summer time is Ice Cream time. Though you can buy ice cream almost anywhere, anytime, there is nothing quite like making a freezer of homemade ice cream or sherbet.

You may freeze the ice cream in freezer trays but it doesn't turn out as creamy and delicious as when you use a regular freezer. Ice cream freezers come in various sizes to suit most any family, and you don't have to do the arm breaking turning, for you can now buy electric freezers. So give yourself, family and friends a treat and make homemade ice cream. It will make a special occasion out of an ordinary day.

VANILLA ICE CREAM

4 eggs
2¼ cups sugar
4 cups milk
4 cups whipping cream
2 tablespoons vanilla
½ teaspoon salt

In a large mixing bowl beat eggs until foamy. Gradually add sugar; beat until thickened. Add milk, cream, vanilla and salt; mix thoroughly. Chill then turn into freezer. This will make one gallon.

PEACH ICE CREAM

3 cups mashed fresh peaches.(If you have to use canned peaches, be sure to use freestone peaches, drained and mashed.)
1 tablespoon fresh lemon juice
4 cups milk
3 cups whipping cream
1½ cups sugar
1 teaspoon vanilla
½ teaspoon almond extract
½ teaspoon salt
2 or 3 drops red food coloring.

Sweeten mashed fresh peaches to taste. Combine peaches and lemon juice. In a large bowl combine milk, whipping cream, sugar, vanilla and almond extracts and salt. Add peaches to mixture. Stir in food coloring. Chill and turn into one gallon freezer.

CHOCOLATE ICE CREAM

2 cups sugar
¼ cup all-purpose flour
¼ teaspoon salt
4 cups milk
4 squares (4 ounces) unsweetened chocolate, melted
4 eggs, beatened
4 cups light cream
2 teaspoons rum flavor

In a three-quart saucepan, combine sugar, flour and salt; gradually, add milk. Cook over medium heat stirring constantly until thickened. Cook 2 additional minutes. Remove from heat. Stir in melted chocolate. Blend a small amount of the hot mixture into eggs. Return all to pan. Cook one minute. Do not boil. Remove from heat. Cool. Add cream and rum flavor. Chill thoroughly. Turn into freezer. This makes about 3 quarts.

RASPBERRY SHERBERT

2 tablespoons gelatin
3 cups cold water
1 cup boiling water
1 cup sugar
1 cup strained raspberry juice
3 tablespoons lemon juice

Soften gelatin in ½ cup cold water; dissolve in boiling water, and add sugar, fruit juices and remaining 2½ cups cold water. Strain and freeze. Approximately 2 quarts.

LEMON SHERBET

1 quart water
2 cups sugar
1 tablespoon grated lemon rind
¾ cup lemon juice
2 egg whites, stiffly beaten

Boil water and sugar 5 minutes, add lemon rind and juice, and cool; strain and freeze to a mush-like consistency. Fold in egg whites and freeze until firm.

PINEAPPLE SHERBERT

To make pineapple sherbet use the Lemon Sherbet recipe and substitute orange juice for half the lemon juice, and add 1 cup crushed drained pineapple.

HOW TO FREEZE ICE CREAM

Using a mallet, crush the ice fine in a canvas ice bag. Fill the chilled container two-thirds full with the mixture. Cover tightly. Adjust the dasher so that the handle turns smoothly. Fill the tub with a 2 inch layer of cracked ice. Add a layer of salt, (rock salt) and continue to fill with ice and salt until the ice comes three-fourths the way up the sides of the container. Turn the handle slowly at first then more rapidly until mixture is thick like cornmeal mush. Drain off excess brine. Wipe off and remove cover. Take out dasher, scrape the cream from the sides of the can and pack. Replace cover and close the opening in the lid with a cork. Repack in ice and salt, covering the container completely this time. Use cracked ice or rock salt in the proportions, 3 or 4 parts ice to 1 part salt. Cover the freezer with a heavy piece of canvas, burlap or papers. Ice cream should ripen in 2 hours. Sherbets in 1½ to 2 hours.
