Sen. Cook announces job application deadline

January 15 has been set as the deadline for summer job application with the National Park Service, Senator Marlow Cook reports, and information and deadlines for applying to other Federal agencies can be obtained now at Civil Service Job Information Centers or U.S. Post Offices.

The Senator advised persons interested in such employment to get the Civil Service Announcement No. 414, entitled "Summer Jobs in Federal Agencies,"

NEXT WEEK'S HOROSCOPE

By Clay R. Pollan

Note planetary ruler of your birth symbol

FOR WEEK BEGINNING MONDAY, DEC. 17, 1973

★ If your birthday occurs this week . . .

. . . you'll be the fortunate recipient of the kindliness, hospitality and generosity of those with whom you are in immediate contact. It's pretty certain that something will result in the business sphere through your social contacts. A spate of gifts and invitations to have fun is indicated.

Aries | Mar. 21 - Apr. 19 | Pluto ♇

The fragrance of honeysuckle is in the air. A new romantic trend can fill you with hope, and your delight can bring some very pleasant relationships. You'll be the jam in the sandwich. A friend helps you to break the ice, if necessary. Avoid places frequented by queer people.

Taurus | Apr. 20 - May 20 | Venus ♀

A week to be conservative and thrifty. Live within your means. Don't even window shop for luxuries. Your pocketbook is your best friend. Dreams may puzzle you. They may mean something. Avoid disliked people or strange places. Attempt only that which you can do well. Don't stretch your luck now.

Gemini | May 21 - June 20 | Mercury ☿

You need quiet and a period in which to think. Store up energies by taking it easy. Make plans but don't try to activate them now. Anything started now would progress slowly. Discard those tired ideas. Develop new ones. You may be restless and desirous of change. Exercise patience.

Cancer | June 21 - July 22 | Moon ☾

Keep aims within reasonable dimensions. Ambitions and action are good, but it is not the season for them. Key is to accept facts as they exist. To twist the truth would be an error. Be practical without being bogged down with details. Turn down any proposals made by a stranger.

Leo | July 23 - Aug. 22 | Sun ☉

You may be stampeded into spending on impulse. It would be a mistake to spend more to remedy it. Stand back objectively and laugh a bit at yourself. Those you rely upon could act in an eccentric manner. Pay little attention. Do what you think is best for you. Attend to private matters first.

Virgo | Aug. 23 - Sept. 22 | Mercury ☿

You must be practical about who is your friend or your foe. Screen carefully your new acquaintances and don't take the sincerity of some people for granted. Money slips through your fingers too easily now. Check urges to buy items that are not needed. Let others reveal their policies.

Libra | Sept. 23 - Oct. 22 | Venus ♀

A person of influence may want to discuss vital matters with you. Because of your know-how and background, many people regard you with great respect. Give advice, if solicited, but don't make any commitments. Seize opportunities that abound right under your nose. Follow the Golden Rule.

Scorpio | Oct. 23 - Nov. 21 | Mars ♂

If you shop now, be very watchful and discriminating. Prices are high, salespeople tend to exaggerate and shoddy merchandise is displayed attractively. Shop only in reputable places, and if buying demand guarantees. Don't jump to conclusions or speak hastily. Ignore any pressure put on you.

Sagittarius | Nov. 22 - Dec. 21 | Jupiter ♃

Uncertain week. Protect your property and possessions. Turn away those who would borrow items and discourage future requests. Particularly, don't lend books, records or tapes. Remain composed if others show resentment. Never mind, if you get slightly in wrong with someone.

Capricorn | Dec. 22 - Jan. 19 | Saturn ♄

Don't let any associate get out of line. You may have to use more authority and be prepared for bad reactions. Don't become involved in an argument. Be more independent and don't expect others to do your work. Handle finances carefully. It's best to leave loopholes in an agreement.

Aquarius | Jan. 20 - Feb. 18 | Uranus ♅

You may be set on making a change. If others disapprove, don't allow yourself to be sidetracked. Do what's best for your own welfare. Much can be done can be achieved now. You can promote projects to advantage. Be alert to success signals. Time your moves with precision.

Pisces | Feb. 19 - Mar. 20 | Neptune ♆

Competition is difficult this week. An unfair person may try to take advantage of you. Mind your Ps and Qs and be on top of every situation. Play your cards smartly and close to your chest. Success hinges on decisions you make now. Your gift of salesmanship will serve you well.
