

FARM AND HOME

The Christmas Rose Legend

According to legend a little shepherd girl from Bethlehem followed the shepherds on their way to the manger. All the shepherds had gifts for Jesus but the little girl had none. She felt very sad and lonely about this and hung back from the others. Just before they reached the stable, an angel appeared in a haze of light and scattered snowy white roses before the little girl. So she gathered them up and laid them before the manger.

to get legume seed into the ground. Where there has been close grazing, especially of cereals, timothy and bluegrass, and in many cases fescue, farmers can get the legumes after fertilizing and liming and then let the animals tramp the seed into the soil. Seeding should be done between Feb. 10 and March 20. A legume combination of red clover and ladino will work best to a large extent scattered seeding, or strip cropping. For the conventional method, 2 to eight pounds of certified ladino red clover seed and one to two pounds of ladino clover seed per acre should be used. In the top seeding and striping method, the seeding rate should be increased by at least 50 percent.

Kay's Kitchen

By Kay Fisher

This week I will just give you some ideas during the busy days of Christmas and New Years. A bit of anything. Maybe just an idea for a buffet dinner or a party.

Here is a good and easy Coffee Cake to serve to a crowd.

SPICY MARBLE COFFEE CAKE
1 cup shortening, (1/2 use margarine)
2 cups sugar
2 teaspoons baking powder
1/2 cup milk
2 tablespoons molasses, it is hard to measure so really more is used but it doesn't seem to matter
1 teaspoon cinnamon
1/4 teaspoon nutmeg
1/4 cup diced celery, not too fine
1/4 cup diced green pepper
1/4 cup diced carrots
1 cup toasted sliced almonds
buttered bread crumbs

Tincher-Henry wedding told
