

People movers

Cars are crusting our cities and finding our air. Now new "people movers" are bypassing the chicanes...

seats. There is also room for 15 standees to cling to poles. With demonstration models, engineers have been on board to man a safety train called a "chicken switch"...

Church Chuckles by CARL TWIRIGHT. REV. TWEEDE, D.D. "I've wanted to see how his own sermons sounded on tape!"

MERCURY SPOURS by Warren R. Fisher

I have come to the conclusion that a negative filing system I do not have. After spending two months searching for a negative to go with a positive...

there fills out 3,838 different kinds of reports to itself and in 307 different copying machines in 1971 to make 1,000,000 copies of papers. The article didn't say anything about an attempt to recycle any of the paper work...

Editor, The Carlisle Mercury: To have all the good nutritious greens a large family could use all winter, take an old hen and her large wooden box...

Getting hydrated is a real skin game

When you are lucky enough to trade your National Geographic each month to a wondrous forest fire, you're not likely to become thirsty just by seeing lush photos of girls clad in bikinis...

who hydrates, but the name of the instrument, a contraction of the word for a visual diagnostic device used by a veterinarian...

My Neighbors. "This old boy is not, he's Hydrated!" "Only her doctor knows for sure!" "This could make you uneasy about the agency's competency to take care of you."

There's plenty of room on the low-bid line for her hot chocolate...
