KENTUCKY UTILITIES COMPANY

Mr. Property Owner...

Prevent those expensive repair bills while... increasing the beauty and value of your property. This can be done by the method of airless high pressure spray painting. Using this method you fill all grooves and pores of the wood and also get a thicker buildup on such surfaces as metal roofs and other smooth surfaces which a brush just can't do. — So call Wayne Weaver today for all those paint-em-up jobs at 289-2800. You'll be satisfied with the end results.
