MAGICWORD by JULIE QUART

HOW TO PLAY: Read the list of words. Look at the puzzle. You'll find these words in all directions -- horizontally, vertically, diagonally, backwards. Draw a circle around each letter of a word found in the puzzle then strike it off list. Circling it will show a letter has been used but will leave it visible should it also form part of another word. Find the big words first. When letters of all listed words are circled, you'll have the given number of letters left over. They'll spell out your MAGICWORD.

EVER BET ON THE PONIES? Sol.: 8 letters

MORA, MINN., KANABEC COUNTY TIMES: "Fires from smoking in bed are certain to drop after May 31, 1973 because of a new Commerce Department order making mattresses about 99 percent ignition-proof. Smoking in bed causes a large number of fatalities every year. We have yet to hear of anyone's drowning in a water bed, but we'll bet seasickness is not uncommon."
