Tuition to remain same at Transy

Transylvania University's Board of Curators recently accepted a recommendation of its Executive Committee and University President Irvin E. Lunger, and voted not to raise tuition at the university next year.

The Board also voted to continue the university's guaranteed tuition plan in 1974-75 so that all new students who enter Transylvania in September 1974 are assured that their tuition costs will remain the same during their collegiate years at Transylvania.

Current costs for a year of study at Transylvania for a resident student (tuition, room and board) is $3,320. A non-resident student pays $3,190.

In discussing the action on tuition, Dr. Lunger explained that the Transylvania Board "is determined to hold the line on tuition charges, and is very much aware of the economic pressures that most families feel with one or two children in college."

"We," Dr. Lunger said, "do not want to deprive the young people who want to attend Transylvania the opportunity to do so, and we will continue to do everything we possibly can to make our educational program within the financial reach of parents."

Dr. Lunger also stated that the Board has approved a plan whereby all undesignated gifts to the Curators Fund, the Alumni Fund, or the Friends Campaign, will go into the university's
