

Registration set for LI Baseball

Little League and Minor League baseball registration will be held Sunday, April 26, at 1 p.m. at the Nicholas County Elementary Gym. Boys who will age six by August 1, and boys who will not be 13 by August 1, are eligible to play in one of the leagues.

There will be six Little League teams as there were last year. Only boys who did not play last year must register.

The Minor League is being organized for the first time this year. The number of teams organized will depend on how many boys register to play in the League.

THANKS

I want to thank Lt. Bruce Perritt, Lt. Arley Wilkins, Sgt. Wayne Capps and all the National Guard men for their help in the Easter Seal Campaign.

In Nicholas County they collected \$76.00 which is needed very badly in the Easter Seal work.

Their unselfish help is very bad weather made the campaign a success.

REPORTS TO THE PEOPLE OF KENTUCKY

AVAILABLE DISASTER ASSISTANCE

The Toradove which struck our state last week were truly disastrous. The greatest tragedy, of course, was the death of many Kentuckians. That is a loss we can never replace. But we can and should move as quickly as possible to help those thousands of persons who lost their homes or possessions.

I thought I would devote this week's column to a listing of the various types of federal aid that can be obtained under provisions of the Disaster Relief Act of 1973, as amended. A federal disaster assistance center will be established at the federal building in Louisville, and application for the various types of assistance may be made there. The following is a list of available types of aid:

- Debris and wreckage can be cleared or removed from publicly and privately-owned lands and waters by the Corps of Engineers or through grants to states and local governments.
- The Federal Disaster Assistance Administrator is authorized to provide up to one year mortgage or rental payments to individuals whose real estate has been destroyed because of financial hardship.

—Low income families that are unable to purchase food can apply for food stamps and surplus commodities.

—The Federal Disaster Assistance Administrator is authorized to establish emergency communication and privately-owned lands and waters by the Corps of Engineers or through grants to states and local governments.

—The Federal Disaster Assistance Administrator is authorized to provide up to one year mortgage or rental payments to individuals whose real estate has been destroyed because of financial hardship.
