Lt. Gov. Carroll's remarks centered around his views of the "partnership" which he said must exist between government and the agriculture industry. In speaking of the current problems of supplying the nation's growing food needs, he said, "Our best hope . . . is our ability to pool our efforts and to work together."

NEXT WEEK'S HOROSCOPE

By Clay R. Pollan

Note planetary ruler of your birth symbol

FOR WEEK BEGINNING MONDAY, AUG. 26, 1974

★ If your birthday occurs this week . . .

. . . you find great satisfaction in privacy, secluded occupations and matters of a mysterious nature. You take great pleasure in your many friendships and you excel at getting people to work together smoothly in your activities. Many envy you and cover this jealousy by being hostile, which shouldn't worry you.

Aries | Mar. 21 - Apr. 19 | Pluto ♇

There is a strong probability of you getting out and around and putting bigger mileage on your car than is usually the case. If you have in mind to turn in your present automobile for a new or better model, this is a good time to make a deal. There are no indications of money problems.

Taurus | Apr. 20 - May 20 | Venus ♀

This week will undoubtedly be a hard-working and quite a strenuous period. You are more likely than usual to get caught up in tedious chores which will take up a lot of time. Act quickly if you get a tip about finance. Women make the best companions now. Men are inclined to argue or criticize.

Gemini | May 21 - June 20 | Mercury ☿

This week's events are certain to stir up sentimental memories. You will be revisiting places important in your past life or renewing contacts with people almost forgotten. Good news connected with the future will boost your morale. Good luck is indicated through a person who is tall and quick-witted.

Cancer | June 21 - July 22 | Moon ☾

An unexpectedly happy-go-lucky mood will prevail this week. You will complete jobs with dispatch and will offload responsibility, which will give you more time for leisure and pleasure. Life could take on an added sparkle, as members of the opposite sex will try hard to please you.

Leo | July 23 - Aug. 22 | Sun ☉

The tendency will be to throw to the winds your habitual caution. A slightly reckless mood will incline you to gamble or take unnecessary risks. It's best to follow a conservative line and take nothing for granted. Be just a bit careful to show discretion in handling friends.

© 1974 McNaught Syndicate

Virgo | Aug. 23 - Sept. 22 | Mercury ☿

You certainly won't be able to complain that life is boring now. Your activities will be more varied than usual. Informal or impromptu entertainment will be successful. Find time to fuss over the one who means most to you. You'll realize how fond you are of your home and certain dear friends.

★ Libra | Sept. 23 - Oct. 22 | Venus ♀

A week when it will be far too easy to make the wrong assumptions. This will make for a somewhat hectic period when there are delays, changes of plan, and when certain people do not perform as they agreed. A dynamic, unorthodox person will change ideas a bit. Associate mostly with Leo and Sagittarius.

Scorpio | Oct. 23 - Nov. 21 | Mars ♂

It will be in your interests to slow down the pace of your activities, to be as deliberate and objective as possible. Many interruptions and distractions are indicated. Favor companions who've proved reliable in the past and place little faith in strangers or newcomers to your circle.

Sagittarius | Nov. 22 - Dec. 21 | Jupiter ♃

Throughout the week you'll find yourself subject to rumors, reports and statistics which will tend to muddle your thinking. You may find yourself the butt of father more criticism than is usually the case. The puzzling behavior of your loved one will turn out to be pleasant surprise.

Capricorn | Dec. 22 - Jan. 19 | Saturn ♄

This is a time at which to set out to please rather than to rough other people up. Events may require a short trip, or writing of a decisive letter. Someone nearby is willing to be of help in promoting your ideas. Be on guard for possible deceit or other trouble through a man.

Aquarius | Jan. 20-Feb. 18 | Uranus ♅

Money prospects are unfavorable rather than favorable. You'll be inclined to be extravagant and careless. This is a time to limit your risks rather than stick your neck out. Relationships with the opposite sex will be unfavorable. They are likely to be offhand than affectionate. Good news at the weekend.

Pisces | Feb. 19 - Mar. 20 | Neptune ♆

This week's stars are definitely favorable to your present and future status and prospects. Relationships with the more important people in your circle should show distinct improvement now. Negotiations which you have afoot are an important step forward. Put a brake on your generosity to friends.

MAGICWORD by JULIE QUART

HOW TO PLAY: Read the list of words. Look at the puzzle. You'll find these words in all directions — horizontally, vertically, diagonally, backwards. Draw a circle around each letter of a word found in the puzzle then strike it off the list. Circling it will show a letter has been used but will leave it visible should it also form part of another word. Find the big word's first. When letters of all listed words are circled, you'll have the given number of letters left over. They'll spell out your MAGICWORD.

STRIKE THREE Sol.: 11 letters
