Silent Night, Holy Night

On that night, long ago, a dazzling star guided shepherds to our Savior. On this holiday we hope the radiance of the season guides you to a happy and loving Christmas. Thanks, all.

SANTA LETTERS

Dear Santa,
I am a little boy four years old and have been good part of the time, especially when I am asleep. I would like to have everything I see, but if you would bring me a tent and camping equipment, Big Jim and a camper, and match box country I will be a very happy boy. I hope my cousins and all my friends get what they want too. I'll leave you some milk and cookies, if you promise not to spill the milk.
Your friend,
Joe Hatton

Don't forget my Mommy, Daddy, Grullinies and Papaw. Also don't forget Mark and Stevie.
I will leave you something under the tree.
Love,

Dear Santa Claus,
Well here it is Christmas again and it is time for another letter to my favorite friend. My name is Tracey Dawn Smart. I am seven years old and am looking forward to your visit again. First, don't forget my baby brother. He is old enough to enjoy Christmas and his favorite name for you is Ho Ho. He's always talking about a fire truck, so please bring him one and a guitar and tractor.
I have two big sisters, Donnita and Cathy. They are too big for toys so bring them whatever you think they would like. My Mom wants most of all some snow for Christmas, but I guess if you can't bring it something else will do. Don't forget my Daddy. Bring him something real special. I would like a stove, refrigerator and sink and dishes and doll. Maybe you can't bring it all, times being as they are these days. Don't forget the families that don't have anything and remember them please. Merry Christmas.

5 & 10 CARLISLE 5 & 10

We're dreaming of a white Christmas, too. And we're doing something about it.

The ideal Christmas . . . crisp and clear, with clean, sparkling snow. We've all dreamed about it, but sometimes pollution has made the reality somewhat less than ideal. We're trying to do our part to keep white Christmases white . . . by making the generation of electricity as clean as possible.

That's just one reason why we're investing more than $50 million in pollution abatement equipment . . . to make our stacks smoke less, to remove pollutants from flue gases, to help keep our lakes and streams clean.

We can't guarantee the snow, but if it snows maybe we can keep it sparkling just a little longer.

Have a happy Christmas.
