

SANTA LETTERS

Dear Santa,
I am a little boy seven years old. I have tried to be good, so would you

please bring me a G.I. Joe with King Fu 979, a G.I. Joe helicopter, football, pascos and anything else you want me to have. My sister Melinda is two and she wants a Hub-A-Dub Dolly, piano and stool, stroller and anything else you choose.
Please don't forget Venetta and the other boys and girls.
We love you.
Darren and Melanie Robinson

Dear Santa Claus,
I am a little girl 16 months old. My Mommy says I have been bad this year, but maybe you will leave me something.
I would like to have a doll in a carrier, a pulling crickit, a pulling train, a ferris wheel and anything else you think I can use.
I have a big brother who is seven years old. He would like to have an Evel Knievel Stunt Cycle, a Johnny West Thunderbolt horse, a farmers set and some clothes.
Don't forget our four cousins. Don't forget our Daddy, who is in Georgia. We will leave something under the tree.
Love you,
Greg and Stephanie Blosserfield

Dear Santa,
My name is Christy Pugh and I am five years old. I live in Sunrise, Ky. I have tried to be a good girl this year. I hope you will bring me what I want. I would like a Barbie doll, Barbie Country Camper, a set of clothes and some fruit.
I have a little brother 11 months old. His name is Darrin Wayne. He has been good too. Please bring him whatever little boys like to play with.
We love you Santa and we will leave some milk and cookies under the tree for you.
Love,
Christy Pugh

Dear Santa,
My name is Michael and this year for Christmas I would like for you to bring me a big Tonka bulldozer, a rifle and some equipment for my tractors.
I will leave you some cookies and coke under the tree and some apples for Rudolph.
Love,
Michael Brookshaker

MAGICWORD

HOW TO PLAY: Read the list of words. Look at the magic. You'll find these words in all directions—horizontally, vertically, diagonally, backwards. Draw a circle around each letter of a word found in the puzzle then make an off list. Circle it all show a letter has been found but will have a circle around it also from part of another word. If you find a word that is also from part of another word, circle it, too. You'll have the given number of words left when they're all out you have MAGICWORD.
