

Obituaries

ROY H. MITCHELL
Roy R. Mitchell, 78, Route 2, Flemingsburg, died Saturday, Dec. 29, 1973, at his home.
Mr. Mitchell was born in Nicholas county Nov. 3, 1897, a son of the late Mary Lawrence and Frank Mitchell. He is survived by his wife, Eva Lena Barrett Mitchell; two sons, Howard Mitchell, Route 1, Maysville, and Marvin Mitchell, Maysville; six grandchildren and five great-grandchildren; several nieces and nephews. Services were conducted at 2 p.m. Tuesday, Jan. 1, 1974 at Boone Funeral Home, Flemingsburg by Rev. Harley Johnson, burial in the Elmaville Cemetery.

ETON JACOBS
Eton Jacobs, 84, died Monday, Jan. 7, 1974, at his home in Mt. Sterling. He was a native of Nicholas county, a retired farmer, and a member of the Church of God.
He is survived by his wife, Mrs. Nancy Eton Jacobs, one half brother, Deville W. Colville, Mt. Sterling, one nephew, Ralph Colville, Milan, Ind.; and one aunt, Mrs. Alice Jacob, Carlisle, several cousins.
Services were held at 2 p.m. Wednesday at the Matheson-Rowe Chapel, Charlestown by Rev. Eugene White, burial in Crown Hill Cemetery, Sharpsburg.
Pallbearers: Mike Rose, John Allison, Emerson Baker, D. Blount, Angus Jacobs, and Graddy Dedman.

MRS. FRANCES HICKEY
Mrs. Frances Hickey, 77, died Tuesday, Jan. 1, 1974, at the Johnson-Mathers Nursing Home. She is survived by two daughters, Mrs. Kenneth Hawkins and Mrs. Jo Thompson, both of Sharpsburg, Route 2, four grandchildren; two great-grandchildren; and one brother, S.E. Myers, Mt. Sterling.
Funeral services were held at 2 p.m. Thursday, Jan. 3, at the Real Funeral Home, Owensville by Rev. Elmer Oertel, burial in the Longview Cemetery at Bellet.

Burley sales show only small change

BURLEY TYPE
Grade prices showed only small changes from pre-Christmas levels as Burley tobacco sales resumed Monday following the holiday recess that began on Dec. 21. The Federal-State Market News Service reports variations in grade prices amounted to only \$1 per hundred, establishing a trend. Quality of offerings declined as sales contained a larger percentage of lower grades and nondescript. Volume of sales was fairly heavy as many markets in the belt expect to be sold out by the middle of the week.

Great sales in the eight-state area before the holidays totaled 29,472,223 pounds and averaged \$10.22 per hundred. This is \$14.02 above pre-Christmas sales last season when 49,999,526 pounds brought \$7.12 per hundred.

Only 18 percent of sales has been placed under Government loan this season compared with 4.5 percent for the same period last season. Auction bid averages per hundred pounds on a limited number of representative U.S. grades and amount selling over support prices follow: U.S. Grade MP, Auction Bid \$92 changes from Dec. 26, 1973, up \$1; 2SF, \$69, up \$1; 3CF, \$84, up \$1; 3CF, \$72, down \$1; 2BF, \$86, unchanged; 3BF, \$95, unchanged; 3BF, \$94, down \$1; 1BF, \$91, unchanged; 2BF, \$91, down \$1; 1MF, \$93, unchanged.

New year begins new era for local agriculture

Beginning with 1974 crops, the Nicholas County Agricultural Stabilization and Conservation (ASC) committee, which took office Jan. 1, will start administering the new farm legislation for local producers. Committee members as of this new era for agriculture began are: Emerson Letcher, chairman; Edgar A. Darrell, vice chairman; Matthew Kennedy, member; Fred Hollar, first alternate; and Bobby Grady, second alternate. Target price programs for wheat, feed grains, and cotton were included in the Agriculture Act of 1973 and will first apply to 1974 crops. The legislation sets

national farm policy for 1974 through 1977 crops.

Since the target price law frees farmers to produce without restriction get a lot of questions. We can answer for a lot of them, because our job is to administer the programs that are on the books now. We can answer questions about the programs we have; we can't speculate about possible future programs."

The target price legislation guarantees a minimum return for a producer's normal production on his allotted acre, but offers neither incentives nor restrictions on additional acreage he added. "The pull of the marketplace will determine crop acreages," the

KU Ghent plant starts production

Kentucky Utilities Company's huge generating unit at its Ghent plant which will add 500 megawatts to the total 1,186 megawatt capability of KUC's plants has started production of electricity. The first unit at the plant, located on the Ohio River east of the Carroll county town of Ghent, goes on the line a little more than one year after construction started. It represents an investment of \$110 million.

Due to inflation, the cost per kilowatt of installed capacity at Ghent was more than double that for KUC's E.W. Brown #2 unit built at Dix Dam in Central Kentucky 16 years ago.

Already the plant's second generating unit, also of 500 megawatt capability, is under construction near the adjoining activated unit. It is scheduled for completion in early 1977 at a cost of \$110 million.

The unit just completed is linked to the rest of the KU network which serves approximately 200,000 customers in 78 Kentucky counties and another 20,000 in southwest Virginia. The plant is also linked to the Kentucky-Indiana power pool (KIP) through a high-voltage tie line across the Ohio River to a switching station in Switzerland County, Ind. This link and the transmission network join the plant and the systems of the four KIP members: KIP Public Service Indiana, East Kentucky Power Cooperative and Indianapolis Power & Light Company.

Wool and mohair payment program

The incentive price of 72 cents a pound for marketings of shorn wool and a support of 80.2 cents a pound for mohair will continue unchanged in 1974 from 1973 levels, the U.S. Department of Agriculture (USDA) announced recently.

These prices are in accordance with the National Wool Act as amended by the Agricultural Act of 1970 and the Agriculture and Consumer Protection Act of 1973. The National Wool Act, as amended, requires that support shall be at the above levels for each of the marketing years beginning Jan. 1, 1971, and ending Jan. 31, 1977.

Pulled wool will continue to be supported at a level comparable to the incentive price for shorn wool through payments on unshorn lamb.

As in past years, shorn wool payments will be based on a percentage of each producer's returns from sales. The percentage will be that required to raise the National average price received by all producers from shorn wool up to the announced incentive

Deeds recorded

W.M. Wheeler and wife, two tracts of land in Nicholas county to Bay Fife and wife.
U.S. Vice Heirs, land on Highway 36 to Jimmie Judge and wife.
William C. Larville and wife, land on Panther Creek Narrows to Larry Dennis.

farm program official said. "Whenever possibilities for new farm programs are under heavy discussion, local ASC committees and employees get a lot of questions. We can answer for a lot of them, because our job is to administer the programs that are on the books now. We can answer questions about the programs we have; we can't speculate about possible future programs."

In addition to the Feed Grain and Wheat programs, principal programs in Nicholas county which are administered by the county ASC committee include: tobacco, farm storage loan, bee indemnity, and ISAP Activity which will be included within the scope of the new 1974 Rural Environmental Conservation Program.

rebounds with Wallace Edwards taking 9 of them. Ricky Hicks was next with 8. For Mercer the scoring was led by Milburn with 17; next were Pullman and Lester with 8; Jackson, T. Christian, K. Cates, G. Lyons, 2; Causch, J. Bojts, 1. Nicholas County 14, 34, 34, 73. Mercer County 8, 25, 35, 54.

Order Now -- Last Week
