Local Chamber

Continued from page one
National Bank. Local committee members, Jimmie Hall, Dr. Andy Hamon, Mrs. Jack Conley and Mrs. Jimmy Conrad attended the meeting.

The two excellent categories will qualify as such in the 1974 All-Kentucky city competition. This means that should the Chamber decide to enter the competition again next year, only two more excellent categories, rather than four, will be necessary for Carlisle to be named an All-Kentucky City.

Anyone interested in reading the Chamber's 1973 All-Kentucky City entry may do so at the Library.

Nicholas County School Superintendent D.P. Parsley will attend the 1974 Kentucky School Board Association State Convention Jan. 20-22, Bluegrass Convention Center, Louisville.

Sugg named heart chairman

The Rev. H. Dallas Sugg, Nicholas county chairman for the 1974 Heart Fund drive has announced the following chairman: M.C. Blair, as Nicholas County Business Girls chairman and James A. Carter, Nicholas County Business Girls co-chairman.

The month-long Heart Fund appeal will be launched Tuesday, Feb. 5, with Coffee Day. The house-to-house solicitation will be conducted on Heart Sunday, Feb. 24.

Coach Curci, State Campaign Chairman, urged full support by the media of the recently launched statewide educational campaign on the "Early Warning Sign of Heart Attack" by the Kentucky Heart Association. "If our fellow Kentuckians heed these signs the loss of life from heart attacks could be significantly reduced," Curci said.

Ralph Shearer will continue to serve as year-round Memorial Girls chairman for heart in Nicholas county.

A new high total of \$267,233.81 was reported last year in the Heart Fund in Kentucky, Curci announced.

USDA tells 1974 funding of program

The Nicholas County ASCS office announced Monday that the U.S. Department of Agriculture announces the operation and funding for fiscal year 1974 of the new Rural Environmental Conservation Program authorized by the Agriculture and Consumer Protection Act of 1973 and the Water Bank Program.

Total funding level for the two programs the Department will be \$100 million. RECP will receive \$90 million and the water bank \$10 million.

RECP is a new program which carries forward some features of the old Rural Environmental Assistance Program but with increased emphasis on tree planting in states and counties to be designated. Annual cost-share agreements will be used as well as planting on the Title X authority in the Farm Act which authorizes the Secretary to enter into long-term cost-share agreements with landowners to establish conservation practices.

These programs will help landowners establish and follow recommended permanent type conservation practices while farmers are being called on for all-out production to meet consumer and export needs.

Water Bank continues a program established by Congress in 1971, providing agreements with owners and operators of eligible wetlands in important migratory waterfowl nesting and breeding areas. Participants agree not to drain, burn, fill, or otherwise destroy the wetland character of such areas.

The Agricultural Stabilization and Conservation Service will administer the cost-share agreements through its farmer-elected committee system, in close cooperation with other agencies of USDA. Planning, technical and educational assistance will be provided by Soil Conservation Service, Forest Service, Extension Service, and State Forestry agencies.

Program details will be announced soon.
