MY THANKS!
by Helen Steiner Rice
People everywhere in life
from every walk and station,
From every town and city
and every state and nation
Have given me so many things
intangible and dear,
I couldn't begin to count them all
or even make them clear . . .
I only know I owe so much
to people everywhere
And when I put my thoughts in verse
it's just a way to share
The musings of a thankful heart,
a heart much like your own,
For nothing that I think or write
is mine and mine alone . . .
So if you found some beauty
in any word or line,
It's just "Your Soul's Reflection
in Proximity with Mine."
Love, Christine Gray

ORDINANCE

WHEREAS, the City of Carlisle, Kentucky has adopted and is enforcing an ordinance requiring Building Permits, and

WHEREAS, Section 169 and 172 of the aforesaid prohibits any person, firm or corporation from erecting, enlarging, altering, repairing, improving, moving or demolishing any building or structure within the Corporate limits and,

WHEREAS, the City Council of Carlisle must examine all plans and specifications for the proposed construction when application is made to him for a building permit.

NOW, THEREFORE, BE IT RESOLVED by the City Council of Carlisle, Kentucky, as follows:

1. That the City Council of Carlisle shall review all building permit applications for new construction or substantial improvements to determine whether proposed building sites will be reasonably safe from flooding. If a proposed building site is in a location that has a flood hazard, any proposed new construction or substantial improvement (including prefabricated and mobile homes) must (i) be designed (or modified) and anchored to prevent flotation, collapse, or lateral movement of the structure, (ii) use construction materials and utility equipment that are resistent to flood damage, and (iii) use construction methods and practices that will minimize flood damage; and

2. That the City Council of Carlisle shall review subdivision proposals and other proposed new developments to assure that (i) all such proposals are consistent with the need to minimize flood damage, (ii) all public utilities and facilities, such as sewer, gas, electrical, and water systems are located, elevated, and constructed to minimize or eliminate flood damage, and (iii) adequate drainage is provided so as to reduce exposure to flood hazards; and

3. That the City Council of Carlisle shall require new or replacement water supply systems and/or sanitary sewage systems to be designed to minimize or eliminate infiltration of flood waters into the systems and discharges from the systems into flood waters, and require on-site waste disposal systems to be located so as to avoid impairment of them or contamination from them during flooding.

Adopted June 10, 1974

ORDINANCE

WHEREAS, certain areas of the City of Carlisle, Kentucky are subject to periodic flooding from Little Brushy Fork and its tributaries causing serious damage to properties within these areas; and

WHEREAS, relief is available in the form of federally subsidized flood insurance as authorized by the National Flood Insurance Act of 1968; and

WHEREAS, it is the intent of the Carlisle City Council to require the recognition and evaluation of flood hazards in all official actions relating to land use in the flood plain areas having special flood hazards; and

WHEREAS, this body has the legal authority to adopt land use and control measures to reduce future flood losses pursuant to Kentucky Revised Statutes, Chapter 100, Sections 203.1a, 203.4, and 331.9;

NOW, THEREFORE, BE IT RESOLVED, that the Carlisle City Council hereby:

1. Assures the Federal Insurance Administration that it will enact as necessary, and maintain in force for those areas having flood hazards, adequate land use and control measures with effective enforcement provisions consistent with the Criteria set forth in Section 1910 of the National Flood Insurance Program Regulations; and

2. Vests the Mayor of Carlisle, Kentucky with the responsibility, authority, and means to:

(a) Delineate or assist the Administrator, at his request, in delineating the limits of the areas having special flood hazards on available local maps of sufficient scale to identify the location of building sites.

(b) Provide such information as the Administrator may request concerning present uses and occupancy of the flood plain.

(c) Cooperate with Federal, State, and local agencies and private firms which undertake to study, survey, map, and identify flood plain or muddide areas, and cooperate with neighboring communities with respect to management of adjoining flood plain areas in order to prevent aggravation of existing hazards.

(d) Submit on the anniversary date of the community's initial eligibility an annual report to the Administrator on the progress made during the past year within the community in the development and implementation of flood plain management measures.

3. Appoints the Mayor of Carlisle, Kentucky to maintain for public inspection and to furnish upon request a record of elevations (in relation to mean sea level) of the lowest floor (including basement) of all new or substantially improved structures located in the special flood hazard areas. If the lowest floor is below grade on one or more sides, the elevation of the floor immediately above must also be recorded.

4. Agrees to take such other official action as may be reasonably necessary to carry out the objectives of the program.

Adopted June 10, 1974

Wills may be self-proved

For the first time a Kentuckian may prove the validity of his will during his lifetime according to a law that just went into effect.

This measure allows the testator, one writing a will, and the witnesses to appear before the county court clerk or a notary public for certification of the will.

According to Commissioner Howard Sallee, Department of Banking and Securities, "this allows a will to be probated without the presence of the witnesses . . . it is very beneficial, especially if the witnesses die before the testator."

In the past, witnesses were required to testify while the will was being probated. If the witnesses were unavailable, a person knowing the testator was required to verify the testator's signature.

MAGICWORD by JULIE QUART

HOW TO PLAY: Read the list of words. Look at the puzzle. You'll find these words in all directions — horizontally, vertically, diagonally, backwards. Draw a circle around each letter of a word found in the puzzle. Then strike it off list. Circling it will show a letter has been used but will leave it visible should it also form part of another word. Find the big words first. When letters of all listed words are circled, you'll have the given number of letters left over. They'll spell out your MAGICWORD.
