**Crime prevention begins at home...with light.**

A burglar wants no part of a well-lighted home. Someone could be there. Alert neighbors might identify him for the police. A prowler car might pass at the moment of your night. Most safer to go to work where it's dark.

Plan your safety lighting strategically - backyard floodlight, porch light, or our special pole service that includes installation and maintenance. In any case the cost is low - protection priceless. And the same safety lighting welcomes your family or friends.
