Grigson joins Extension office

The Nicholas County Extension Service has some extra help this summer. The county is participating in an internship program provided by the University of Kentucky Extension Service. The program is relatively new for Kentucky and this is the first opportunity Nicholas county has had to receive an intern. The intern program is designed to give students a chance to observe the extension service practices and what the service offers as a career.
The intern for Nicholas county is Danny Grigson. Danny is a senior at the University of Kentucky studying Agricultural Education. He is interested in the Extension Service as a career and feels that the intern program will help him choose his future career. Danny is a native farm boy of Bracken county and now resides in Georgetown. He considers Nicholas and Bracken counties very similar in topography and type of farming. Danny considers his education and farming background as assets to help him serve the people of the county. He will be working with Estil Noffsinger and the other extension agents very closely and hopes that his services will be used by the people of the county. Danny can be contacted in the Nicholas County Extension Office.

Who's Who among students lists Miss Carol Hunt

Carol Faye Hunt, a Senior at Nicholas County High School was recently notified that she is to be featured in the Eighth Annual Edition of **Who's Who Among American High School Students, 1973-74,** the largest student award-publication in the nation.
Students from over 20,000 public, private and parochial high schools throughout the country are recognized for their leadership in academics, athletics, activities or community service in the book. Less than 5% of the junior and senior class students nation-wide are awarded this recognition.
Miss Hunt is the daughter of Mr. and Mrs. Estill R. Hunt of Carlisle. She is active in FHA, FBLA, National Honor Society, French Club, Annual Staff, Girl Scouts, and has also been selected as an Outstanding Teenager of America. In addition to having her biography published in the book, Miss Hunt will also compete for one of ten scholarship awards of $500 to $1,000 funded by the publishers and will be invited to participate in the firm's annual "Survey of High Achievers" later in the academic year.
Miss Hunt plans to attend Morehead State University upon graduation.

Harris wins 'best actor' award

Ronald Harris, a spring graduate of Morehead State University, won his third "best actor" award at the recent banquet of Theta Alpha Phi, honorary theatre fraternity at MSU.
A Fairdale native, Harris received the award for his performance as Ham in Samuel Beckett's "Endgame." He previously was selected for roles as Oscar Madison in "The Odd Couple" and as Snoopy in "You're a Good Man, Charlie Brown."
Mrs. Harris, the former Vicky Brunker of Carlisle, won the best costume design award for "The Skin of Our Teeth" which was directed by her husband.
Christine Buck, Ellicott City, Md., senior, was selected "best major actress" for her role in "Skin of Our Teeth". David Williams, South Shore senior, was named best student director for "Endgame."

NEXT WEEK'S HOROSCOPE

By Clare R. Pollen
Note planetary ruler of your birth symbol
FOR WEEK BEGINNING MONDAY, JUNE 3, 1974

★ If your birthday occurs this week . . .
you are ambitious, somewhat materialistic and determined, which gives you the ability to achieve success over great odds. You tend to suppress your emotions and to be suspicious of others who do not relate well to you. Your financial position improves in later years. Rely upon Taurus and Virgo.

Aries Mar. 21 - Apr. 19 **Pluto**
Protect your health this week. Stay away from people who might tempt you to indulge in excesses. Your nervous system seems somewhat edgy. Be positive. See good qualities instead of criticizing. Give certain people the benefit of doubt. Base decisions on fact and research. Keep your cool.

Taurus Apr. 20 - May 20 **Venus**
You are prone to dream about things you cannot have. This does not mean you should be satisfied with status quo. Be practical and constructive. Take a cautious line where cash is concerned. This is no time to share financial ventures. An important decision has to be made. Your partner is affected.

Gemini May 21 - June 20 **Mercury**
You'll be concerned about slow gains in financial matters, and probably will be more cautious in the care of your possessions. If someone is pursuing you romantically, you may have to discourage him/her bluntly. Be on guard. Protect yourself in clinches. One in authority grants you special recognition.

Cancer June 21 - July 22 **Moon**
A week for pushing ahead aggressively with important issues. Doors which were previously closed may now open up for you. Be positive. Express confidence. Go directly to head sources. Take the lead. Harmonize domestic and personal relationships. A Capricorn individual may become envious.

Leo July 23 - Aug. 22 **Sun**
Good news may come about your financial prospects. Emphasis is on the slow and steady pace. Be aware of essentials. Assign details to others. Be frugal. Use wisdom in money matters. Have faith. Let no one discourage you. A secret ambition or hope may be achieved through help of an influential person.

Virgo Aug. 23 - Sept. 22 **Mercury**
You have better connections and rate higher with those in influence than you suspect. Exploit these valuable connections and do things in a bold and unorthodox way. Stress initiative and you'll be rewarded beyond expectations. A welcome visitor may appear unexpectedly. Be hospitable.

Libra Sept. 23 - Oct. 22 **Venus**
This is an excellent week to seek a new job, start a business or change jobs. Real estate deals can be closed in your favor. The chance to buy attractive clothes may be delightful. Someone will come forward to help you a great deal. Give yourself a chance to create and express your personality.

Scorpio Oct. 23 - Nov. 21 **Mars**
Accent is on friends and desires. Gifts can arrive and people can be very friendly. Everyone seems to be especially generous. Your earnings could be better than expected and your whole world seems brighter now. Expect pleasant surprises. Obey an intuitive warning. Rise above the ordinary.

Sagittarius Nov. 22 - Dec. 21 **Jupiter**
Perceive the opportunities that abound around you. Improve relations with professional associates and successful business people. Refuse to be satisfies with status quo. Plan for travel and education. Careful individual could play an important role in your activities.

Capricorn Dec. 22 - Jan. 19 **Saturn**
A new situation will face you this week. You'll have to formulate a new philosophy and be adamant in your decisions. Do some really mature thinking. Let's face it, a money deficit grows until advisable. More serious attention to finances is needed. Cooperation comes from an unusual quarter. Welcome it.

Aquarius Jan. 20-Feb. 18 **Uranus**
Moon signs coincide with the time for new starts. Don't stand by and let prosperity pass you by. Get into the swim of things and share some of the action. Be versatile. Get rid of outmoded ideas. Make new contacts and welcome challenges. Research should yield data you need. Tighten your belt. Forge ahead.

Pisces Feb. 19 - Mar. 20 **Neptune**
Your fortune is on the upgrade. Things seem to come easier. Plans and ideas seem to materialize more quickly. You can increase your knowledge through new experiences. Be adventurous in spirit, as though just about anything might happen. Be charitable. Nice rewards will result.

MAGICWORD by JULIE QUART

HOW TO PLAY: Read the list of words. Look at the puzzle. You'll find these words in all directions — horizontally, vertically, diagonally, backwards. Draw a circle around each letter of a word found in the puzzle then strike it off list. Circling it will show a letter has been used but will leave it visible should it also form part of another word. Find the big words first. When letters of all listed words are circled, you'll have the given number of letters left over. They'll spell out you, MAGICWORD.

"Good cooking electrically can be efficient cooking too."

Nancy Veatch, Home Economist

Cooking vegetables in just a little water — only till tender — means better, more nutritious eating, while cutting cooking time for more efficient use of range and electricity. Match pan sizes to surface coils and you'll utilize all heat.
When using the oven, remember that several dishes (for a complete meal) cook as economically as one. Put them in the instant oven is preheated, and avoid heat-wasting peeking. Our homemaking experts can suggest other cooking time-savers to help you enjoy full value from your range and electricity. Simply call one of our home service representatives.
