## Give thanks.

Another full circle of the sun has run its course. And another full harvest has been gathered to nourish us until the cycle runs its course again. Time again to reflect upon the meaning of this season. Giving thanks rises. Giving thanks for the bounty of America's farms and ranches. Giving thanks that American farming is truly, "everybody's bread & butter." Remember, and give thanks.

**"Farming is everybody's bread & butter."**
