'Fishing Unlimited' weekends to be held

The peaceful waters at three Kentucky State Resort Parks - Rough River, Harro River and Lake Cumberland - will be spangling with boats, lines, casters and hopefully, fish, as the popular "Fishing Unlimited" program gets under way in their fall edition.

The first Fishing Unlimited weekend will be held at Lake Cumberland State Resort Park, Jansenville, Nov. 8-10. At Rough River Dam and Harro River Lakes from 8:00 a.m. till sundown Friday, any fish reeled in will be destined for the weighing scale as tournament competition gets under way. That evening at dinner, the anglers will get a full fishing report, fishing tips and fishing movies.

From sunrise to sundown Saturday, the quest for the big one that slipped the hook the day before will continue, and at dinner a report on the day's catch will be given.

Sunday at noon, competition will end. A buffet and awarding of trophies for the various category winners will follow the program.

The Lake Cumberland weekend will follow the same format except fishing competition begins Friday, 10:30 a.m. A valid Kentucky license, \$5 Kentucky resident, \$10 out-of-state is required. Participants can purchase

County extension agencies. Call J. Naffinger, Sara Ewing, Mrs. Marjorie Wilson

How to Use Nutrition Labels. You can use nutrition labels in many ways.

To plan more nutritious meals for you and your family.

To get more nutrition for your food while comparing the nutrition values of different brands and foods.

To select food for specific and recommended by physicians, such as low cholesterol diets.

To compare new foods with familiar ones.

FDI and Nutrition Labels. Nutrition labels are a program developed by the Food and Drug Administration. It is a program that sets out the same facts and optional for others.

In response to consumer requests, the nutrition labeling program will be expanded to provide you with more information on the food you eat.

Agree or not. Continued from page two.

putting the tag guarding the hen house.
