NEXT WEEK'S HOROSCOPE

By Clay R. Pollan

Note planetary ruler of your birth symbol

FOR WEEK BEGINNING MONDAY, APRIL 14, 1975

★ If your birthday occurs this week . . . you have unusual abilities which surprise friends and casual observers. You are versatile and never hesitate to take the lead. Anyone who tries to push or bully you will find himself in for a rude awakening. Work you have done in helping others will be appreciated and well rewarded.

Aries | Mar. 21 - Apr. 19 | Pluto ♇

This is not one of your favorite weeks of the month. Your personal affairs seem to be somewhat unsettled and you have too many pending deals on hand. However, the atmosphere will be cleared considerably by the end of the week. Take no chances with your earned income. Grasp a chance to start a new venture.

Taurus | Apr. 20 - May 20 | Venus ♀

A sense of gladness and optimism prevails now. Ideal time for dealing with those you hold dear. You can turn your problems into substantial profit. Confidential negotiations could get the right results. If a situation is adverse, withdraw from it. You can make good contacts in new public activities.

Gemini | May 21 - June 20 | Mercury ☿

A time to be generous and outgoing. Do someone a personal favor. Let your heart go out to others and don't count the cost in any way. You can break through restrictions. The key is to express yourself emphatically and convince people you are earnest and sincere. Swing with the tide. Don't buck opposition.

Cancer | June 21 - July 22 | Moon ☾

Money matters receive good lunar emphasis in your horoscope. It's a time to be active, decisive. Negotiate, discuss, sign contracts and make agreements. Some who are envious of your attainments will do more than talk. So, be somewhat secretive in your planning and act swiftly, quietly.

Leo | July 23 - Aug. 22 | Sun ☉

You are advisedly cautioned to avoid a person who may have a "take over" attitude. You must ignore such a person completely. Your hunches are accurate. Pay heed to the inner voice of experience. Protect your interests. Get what you need without overpaying or surrendering your high principles.

Virgo | Aug. 23 - Sept. 22 | Mercury ☿

You should be just a little more inquisitive. Don't take things for granted, especially with those you know very little about. Something on the surface may have hidden depths of trouble. Be particularly wary at your place of work. Avoid an associate who is likely to tell a tall story. Steadiness will win.

Libra | Sept. 23 - Oct. 22 | Venus ♀

Count your blessings! Celebrate your happy moods. Many nice things will surely happen this week. For instance, you may hear from someone you had almost despaired of ever contacting you again. Chances you have been waiting for may arise. Be sure to dress becomingly, make your grooming neat, you'll shine.

Scorpio | Oct. 23 - Nov. 21 | Mars ♂

Your efforts will bring good results during this period, but don't let yourself feel driven or taxed beyond your strength. Take things in stride and act only after mature judgment. If the opposite sex argues about money, make temporary compromises. Consider your interests first, however. Make few promises.

Sagittarius | Nov. 22 - Dec. 21 | Jupiter ♃

Don't hesitate to cash in on someone's good luck and generosity. If it takes money on the line, put it up to close a deal. Tread lightly where differences of opinion are distinctly antagonistic. Cooperate fully with partners with the best intentions. Social relations show definite improvement.

Capricorn | Dec. 22 - Jan. 19 | Saturn ♄

A week to be careful, considerate. Do nothing to disturb calmness and harmony. Above all, do not make a request you know will be difficult for a loved one to fulfill. You could be impatient with one who tells half-truths. A sense of humor would be helpful. Accept invitations. Get around more.

Aquarius | Jan. 20 - Feb. 18 | Uranus ♅

Your financial situation is improving under existing aspects. Get up with the birds and attend to each day's program vigorously. Tiring physical tasks will be lightened by helping hands. Buy new gadgets to help streamline your activities. Bright ideas shouldn't be difficult to put into practice.

Pisces | Feb. 19 - Mar. 20 | Neptune ♆

It's a good idea to postpone heavy work that doesn't have to be done pronto. Try to relax more and close your mind to intrusions and distractions, but you must think of others as well as yourself. Some comforts may have to be postponed. Some mental conflicts persist. Try to maintain peace within your circle.

REPORTS TO THE PEOPLE OF KENTUCKY

FARMERS ARE ENTITLED TO A DECENT INCOME

All too often I think Americans overlook the tremendous contribution which American agriculture makes to the economy, to our foreign policy, and to other nations of the world. In fact, the United States is by far the largest single source of food imports for other countries.

This is naturally important to those countries—many of which face potential starvation without it. But it is also important to this country because it enables us to dispose of those commodities we cannot use domestically, and because it helps our balance of trade and balance of payments.

Therefore, the most important contribution the United States can make to the future food security of consumers at home and to customers and aid recipients abroad is to assure a strong and viable American Farm system.

This can only be done by providing a reasonable level of income security for the farmer. Without at least some assurance against bad weather or overproduction, the risks of farming will eventually drive our producers out of business. Without reasonable loan and target prices, farmers will be discouraged from producing at full capacity.

With the world food situation as it is, we cannot afford the likely results of an agricultural policy which fails to provide the required income security. In other words, the farmer is entitled to a fair return on his investment just like any other businessman.

* * * * *

I am continuing my policy of trying to get back to Kentucky at least once a month or more. In recent weeks I have been to Middlesboro, Lexington, Murray, Hopkinsville, Madisonville, and Elizabethtown. Because of Senate business during the final days of consideration of the tax-cut bill, I was forced to cancel a visit to Hazard. But I intend to re-schedule that event in the near future.

Traveling throughout the state you cannot help but be impressed by the friendliness and the spirit of cooperation I find everywhere I go. Each section of the state has its own differences, but there is a strong common bond among all Kentuckians that I find wherever I travel in the Commonwealth.

Richardson named to MSU Board

James M. Richardson of Owingsville has been appointed to the Morehead State University Board of Regents.

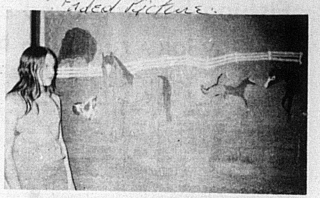
Named recently by Gov. Julian Carroll, he replaces Crayton (Bo) Queen of Mt. Sterling, who resigned to accept an appointment in state government.

Richardson, county attorney for Bath county for the past 20 years, will serve the remainder of Queen's term which expires June 30, 1976.

Richardson completed pre-law studies at MSU and received a law degree from the University of Kentucky in 1948. He is married and the father of four children.

"We are delighted with the appointment," said MSU President Adron Doran. "Jimmy Richardson is an outstanding Kentuckian, a good friend of the University and will make a significant contribution to the board."

Dr. Doran said Richardson would be sworn in at the next board meeting.



Rosie Barnett, daughter of Mrs. Ethel Frances Barnett, is the artist of phase A of Nicholas County Elementary School. She displays her talent by creating bulletin boards for the teachers and students. Her favorite subjects are horses and country scenes. Even though she has had no formal training in art, she has much ability. She is a dedicated student as well as an artist.

FORT BOONESBOROUGH STATE PARK

Days of Daniel Boone and his Kentucky settlers are re-created at the new Fort Boonesborough, between Richmond and Winchester. Reconstructed from original drawings, the fort is as accurate in detail as history reveals. Costumed artisans demonstrate the making of soap and candles, weaving, and many another craft of the early 1800's.

Kentucky's heritage and tradition are preserved in other state parks and shrines across the Commonwealth . . . all within a day's drive of your own home. So whether you're out for a one-day jaunt or for a week's vacation, visit Kentucky State Parks this year!
