On another front, George
Monty has called a strike or
boycott for dockworkers to
the proposition of loading
wood and grain for export to
Russia. What Monty is doing
is taking government into his
own hands as leader of a
union, Congress and the
established sources of gov-
ernment are the proper
sources to decide whether we
are able to ship grain to
Russia. Foreign commerce
is an intricate subject
beyond the ken of the labor
leader.
Not only is this a
disruption of foreign com-
merce, the strike has
affected the entire economy of
the United States. The union
claim is that the shipment of
the 1,855 pelts were walked
off the job at night. The
stations. Transportation
workers are also threatening
to strike. Other public
employees could join in such
a move and completely shut
down service to the citizens
who foot the bill.

believe that public employes
should have an influence
with their fathers, and
whatever body employes
they are, but very few believe
the employe should have the
right to shut down services

IT PAYS TO ADVERTISE... ADVERTISE WHERE IT PAYS...
THE CARLISLE (KY.) MERCURY, THURSDAY, SEPTEMBER 1975-11

Agree or not
By S.C. Van Cavan
The strike of San Fran-
cisco police provides a good
example of the proposed
to permit public employ-
ment in Kentucky to
Riots and revolution are both
from such ends.
Several variations of such
a bill have been discussed
but the fact of providing
binding arbitration is not in
the public interest.
In this neighborhood world
of business relations today,
most would agree that
anyone has the right to ask
for reasonable working con-
ditions and benefits. It is
giving any group the right to
halt public service until their
demands are met. Trans-
gresses the rights of the
majority.
Police have asked for a 13-
percent wage increase while
the City has offered half of
that amount, presumably as
a cost-of-living increase.
More than 90 percent of the
1,855 pelts were walked
off the job at night. The
stations. Transportation
workers are also threatening
to strike. Other public
employees could join in such
a move and completely shut
down service to the citizens
who foot the bill.
Most people happen to
believe that public employes
should have an influence
with their fathers, and
whatever body employes
they are, but very few believe
the employe should have the
right to shut down services

Circus arrives Sunday
Sunday is circus day. The
arrival of American Big Top
tent circus takes place in
Paris as the Big Caron &
Arise live ring circus
arrives at daybreak for two
performances at the Paris
by-pass Industrial Park at
Fords Mill Road under the
auspices of the Paris-
Bourbon County Chamber of
Commerce.
The show will arrive on
three colorful convicts con-
sisting of almost one hun-
dred vehicles. The al-
ways interesting and tra-
ditional spectacle of watch-
ing a tented city suddenly
appear in the middle of the
country is expected to start
at about 9:00 a.m. at the
show grounds. The circus
commented that, in nearly
every city where they have
visited this year, they have
