Head Start children take Christmas trip

The Nicholas County Head Start pupils went on a field trip to Lexington on Dec. 18. First they went to Turfland Mall and saw all the Christmas decorations and the live reindeer. After walking through the mall they went to McDonalds for lunch. Each had a hamburger, french fries, and coke. On leaving they were given hats and rings.

Next was a visit to Fayette Mall to see the Christmas trees decorated by the Girl Scouts. Each tree represented a different country. The children saw the fountains and all the decorations and visited Santa Claus. Each boy and girl got to talk to Santa and tell him what he wanted for Christmas and he gave each one a ring. Several of the children had their picture made with Santa.

Some of the Mothers of the children accompanied them on the trip. Some of the children had never been to the malls before.
