NEXT WEEK'S HOROSCOPE

Virgo Aug. 23-Sept. 22 Mercury
You should look beyond the immediate. He aware of your materials at all times. Your energy and keep your feet on solid ground. You attract people who may be helpful without becoming involved. Be true to yourself. Stop trying to impress people who really don't care.

Libro Sept. 23-Oct. 22 Venus
A mediocre rather than a memorable week. However, there could be some exciting moments. You'll probably find that associates will be slack and careless. You may feel frustrated and pessimistic. Be sure to have a complaint about shoddy workmanship. Be sure to keep your fingers and nerves well oiled.

Scorpio Oct. 23-Nov. 21 Mars
Additional work and responsibility may be placed upon your shoulders. A close companion will be talking about changes and will keep you in a state of uncertainty. Someone may deliberately hold you up or put things off. There may be some outbubing over an interpretation of an agreement or arrangement.

Sagittarius Nov. 22-Dec. 21 Jupiter
Aspects point to a shortage of ready cash this week. With this in mind, be inclined to check extravagant impulses, chase down money who owe you money and try not to top your savings account. Arguments may arise over money matters, particularly about who pays for what.

Capricorn Dec. 22-Jan. 19 Saturn
As the week proceeds you may find your life less satisfying. You'll probably be feeling neglected or even ill-treated. It is in your interests to be a little more charming, to ensure that you encourage the right relationships and to give encouragement. Make your attitude strive for greater harmony.

Aquarius Jan. 20-Feb. 18 Uranus
You may be spending up in the tempo of your activities now. This applies in a wholly fortunate and pleasant way. New opportunities and promising times will be just to you. You must exercise keen perception. If you have been trying to organize a change, there are good prospects for success.

Pisces Feb. 19-Mar. 20 Neptune
You may be spending up in the tempo of your activities now. This applies in a wholly fortunate and pleasant way. New opportunities and promising times will be just to you. You must exercise keen perception. If you have been trying to organize a change, there are good prospects for success.

MAGIC WORDS
HOW TO PLAY: Read the list of words. Look at the puzzle. You'll find these words in all directions - horizontal, vertically, diagonally, backwards. Draw a circle around each of the words found in the puzzle. Then mark off the letters that are left over. You will see a magic word. When letters of the magic word are added, you'll see the magic word.
