

Regional farm cooperative head 'greatly disappointed' at decision

The chief executive of a five-state regional farm cooperative says he is "greatly disappointed" over the Federal Government's failure recently to grant immediate extraordinary interim relief in response to a Farmers Chemical Association letter pleading to supply natural gas to Farmers Chemical Association fertilizer plants serving this area.

S NEW DOGS BREEDERS NEEDED Start new raising pure bred dogs. For PROFIT. Get top East coast prices. We assist all new breeders if qualified.

The Richmond, Va. based Southern States Cooperative—one of the owners of Farmers Chemical Association—said every day the plant is shut down results in the production loss of approximately \$1 million. "I'm disappointed because," he said, "the Federal Power Commission would drag its feet on fertilizer to nine southeastern states, and the plant has been closed since Dec. 30 because of a shortage of natural gas."

Special packets of tree seedlings for sale by state agencies now

The Division of Forestry, Department of Agriculture and Environmental Protection and the Department of Fish and Wildlife Resources are offering for sale special packets of tree seedlings available to the public. "These packets are a valuable resource," said the Director of Forestry in his memorandum. Order forms may be obtained either from any Field or Wildlife Conservation office, or they may be obtained by mail for \$2.00.

Nadler said that shortages of seed for several species of trees are the reason a limited number of packets that will be available this year. Interested persons should get packets as soon as possible. The nurseries will start "lifting, packaging and shipping the seedlings about the third week in February and should be finished by the first week in March."

NOTICE: Until further notice we will be closed all day Saturday, but Friday for your convenience, will remain open until 6 p.m. Reid & Vice, Inc.
