CACHET

the fragrance as individual as you are

We know you don't want to look like the next girl. Maybe you don't want your fragrance to be like the next girl's either. Well now, it needn't be. Because there's a fragrance called Cachet. Every girl can wear it and it'll be something a little different on each one. Because, besides being fresh and fascinating, Cachet was designed to pick up every girl's own special chemistry. Maybe you should try it? Maybe it isn't you. But then again, maybe it's the first perfume that really is Cachet by Prince Matchabelli.
