Preserve cemetery history

The cemetery committee for "The History of Nicholas County" reports that of the 196 presently known cemeteries in Nicholas County, 50 have been researched. This 196 figure includes several single or double graves on farms. The cemeteries are very sparsely with this information obtained so far for the history.

However, the committee reports that more help is needed in order to obtain the remaining available cemetery information before it is destroyed forever. According to Mrs. J.A. Standiford, a committee member, if we don't get this information this spring, we may never get it. Many graves are being destroyed—plowed under—lost forever.

If you have a few hours some nice spring day, would you do your part to gather this past history for future generations on this Highway way permanently in our History to be preserved for posterity?

Employer's duty

Employer's duty to provide a safe working environment is a well-established principle. In the case of the Nicholas County 4-H Club, the employer's duty was clearly defined. The club was a voluntary organization, and the employer's duty was to provide a safe working environment for the club members.
