NEXT WEEK'S HOROSCOPE

By Clay R. Pollan Note planetary ruler of your birth sign! FOR WEEK BEGINNING MONDAY, MAY 12, 1975

★ If your birthday occurs this week you are, more than most people, ambitious, purposeful, industrious. The planet under which you are born, Uranus, with energy, initiative, energy, progressiveness. With moderation added to your natural gift of inventing, you will find happiness and success.

★ Virgo Aug. 23 - Sept. 22 Mercury ☿ Now's the time to look your best, go after what you want, talk freely and be ambitious. Let your inspiration and energy for a bigger job show. There's no better time than this week for pulling strings, asking favors. Back your intuition in business and legal affairs. Before to have any rights taken away.

★ Libra Sept. 23 - Oct. 22 Venus ♀ Let it be known that you are willing to handle a new responsibility. You may be considered for a better position, or may be given a chance to add to your income. You are an earnest support now for your plans. Set a steady course and keep it religiously. Contact an individual who is affluent.

★ Scorpio Oct. 23 - Nov. 21 Mars ♂ During this week your love life and lifestyle will be under favorable stars. Romance reveals a shot in the arm and this is the week for it. See that you make your feelings known. An element of rivalry stimulates you to increased and successful efforts. Social life is well starved. Favor good company.

★ Sagittarius Nov. 22 - Dec. 21 Jupiter ♃ Give more attention to your well-being and personal equipment. Buy little tokens that you've long wanted. In your business dealings, consider your interests as number one. It's not wise to risk capital on an unknown commodity. Refuse to be rushed, or be cajoled by associates or relatives.

★ Capricorn Dec. 22 - Jan. 19 Saturn ♄ Relationships are accepted. Value friendship and personal equipment. Buy little tokens that you've long wanted. In your business dealings, consider your interests as number one. It's not wise to risk capital on an unknown commodity. Refuse to be rushed, or be cajoled by associates or relatives.

★ Aquarius Jan. 20 - Feb. 18 Uranus ♀ A bright, sparkling week. Pride may flow in, love be given you, and all go according to plan. Enjoy this time of cheer and well-being. Courtship is under happy stars. Luck, too, if you like a modest gamble. A promise received now will result in a happy partnership. Favor Taurus individuals.

★ Pisces Feb. 19 - Mar. 20 Neptune ♆ There is good news this week and plenty of it. The coming days hold many pleasant surprises and special personal pleasures. Get to the top of the box, if you are in difficulties at work. Someone will be doing you a favor, without broadcasting the fact. Get off official forms. Visit government departments.
