Citizens for Nicholas County Hospital meet
A hospital study committee composed of 25 persons appointed by Rev. Herman Karmage, chairman of the Board of Johnson Matthers Home, Inc. met on Monday evening, May 12 at the Nicholas County Library.

Ralph F. Shoener, chairman of the committee, gave a preliminary analysis of the current problems relating to the hospital. He pointed out the basic needs of various departments of the hospital as these needs relate to maintenance and space.

After much discussion a motion was made, seconded and carried that a subcommittee be appointed to investigate the feasibility of building a new hospital. At present this committee will be concerned with cost.

Since finances will play a very important part in any major change of the hospital plant, a motion was made that a subcommittee be appointed to investigate the possible available financing procedure.

Chairman Shoener appointed these two subcommittees. The committee charged with the renovating and/or building responsibilities is to be chaired by Tom Metcalfe. Other members are James T. Vaughn, Rev. Richard Chamberlin, Grace Eddison, and Mrs. Wendell Kingsolver. The finance committee will be chaired by William Nathan Young with the following members appointed as committee members: Joseph H. Conley, Harry Budden, Andy Dudley, and Wayne Shumate. Ted Henzaker, representing the accounting firm of Alexander and Grant, and the auditors for the Johnson-Matthers Home, Inc. will serve in an advisory capacity with this committee.

The next meeting of this committee will be June 9, at 7:30 p.m. at the Nicholas County Library. These subcommittees will give their initial report at that time.
