Mrs. LOUISE SQUIRES THOMPSON

Mrs. Louise Squires Thompson, 95, formerly of 146 Bassett Avenue, Lexington, died Saturday, Oct. 4, 1976 at the Bourbon Heights Senior Citizens Home, Paris, after an illness of over four years.

Born in Bourbon county, daughter of the late Turley M. and Ella Henry Squires, she taught in business schools in Cincinnati and Ashland during her early life. In 1940, she established the Lexington Secretarial Studies and served as its president until her retirement in 1945. She was a genealogist, member of the Victory Christian Church, and a former member of the Woman's Club of Central Kentucky, and the River Health Chapter of the U.S. Daughters of 1812.

Survivors include three great nieces, Mrs. William S. Caldwell, Nicholas county; Mrs. Helen T. House, Lexington; and Mrs. E. Allen Duncan Jr., Louisville; two great nephews, John S. Reed II and James Reed, Frankfort.

Funeral services were held Tuesday, Oct. 7, 1976 at Kern Brothers Funeral Home, Lexington. Burial in the Lexington Cemetery.

MISS JIMMIE HENRY

Miss Jimmie Henry, 90, died Friday, Oct. 1, 1976 at the Nicholas County Hospital after several weeks of illness. She was a native of Nicholas county, daughter of the late Abram and Nancy Crouch Henry, and was a member of the Carlisle Presbyterian Church. She was secretary for the Carlisle Cemetery Company for many years.

She is survived by two nieces, Mrs. W.R. Buntin Jr., Frankfort; Mrs. Wayne Rawlings, Carlisle; one great-niece, Miss Becky Buntin, Lexington; two great-nephews, Robert H. Buntin, Lexington; Michael Rawlings, Carlisle.

Services were held at 10 a.m. Monday, Oct. 5, 1976 at the Mathers-Shearer Funeral Chapel, conducted by Dr. S. Evans Brown and Rev. W.R. Babers. Burial in the Carlisle Cemetery.

RAYMOND E. THOMPSON

Raymond E. Thompson, 62, died Saturday, Sept. 27, 1976 in his room at the Fairview Motel in Flemingsburg. He was a native of Carlisle and a son of the late Enoch and Mattie Thompson. He is survived by three sisters, Mrs. Jean Berry of Carlisle; Mrs. Omar Thompson of Westport, Ky.; and Mrs. Beulah Lipscomb of Covington.

Funeral services were conducted at the Price Brothers Funeral Home, Elizaville at 7 p.m. Tuesday, Sept. 30, 1976. Burial in Carlisle Cemetery.

Sept. Grand Jury makes final report

The September Grand Jury made its final report on Tuesday, after being in session two days.

ASCS official explains changes

"Disaster affected corn and grain silage harvest for silage, green chop, or other nongrain livestock use, will no longer be determined on a tonnage basis and charged against the normal production of the feed grain allotment area," Paul E. Hall said, explaining a recent change in the rules for computing disaster payments.

"Instead, a varying production charge ranging from 10 to 20 percent of each farm's established yield on acres harvested for nongrain livestock feed will be made."

The production charge will generally reflect the loss in tonnage and feed value which occurs when grain content of silage diminishes. Based on the national average feed grain program corn yield of 81 bushels, the per acre charge would amount to about \$4.22 per acre for silage corn with little or no grain content to just \$1.50 for silage with a greater grain content.

The new rule change, made to eliminate complications involved in determining quantities and value of disaster affected feed grains, will generally result in a substantially smaller charge for corn and grain sorghum utilized in the form of nongrain livestock feed.

JOHN B. CLINES

John B. Clines, 55, a retired Clark County farmer, died Sunday, Oct. 5, 1976 at his residence.

A native of Montgomery county, he was a son of Oliver T. Clines and the late Mary Settlers Clines. In addition to his father, survivors include his wife, Mrs. Jane Curd Clines; a daughter, Mrs. Dickie Brunner, Paris; three sons, John D. Clines, Harrodsburg; Danny S. Clines, Bourbon county; and Donald P. Clines, Paris; two brothers, Billy and Stanley Clines, Bourbon county; five sisters, Mrs. James Tubbs, Nicholas county; Mrs. Vance Shouse, Bourbon county; Mrs. Ernest White and Mrs. William Hendrix, both of Lexington; Mrs. George Tubbs, Paris; and four grandchildren.

Funeral services were conducted at Paris Church of Christ, with George Rogers officiating. Burial in Evergreen Memory Gardens.

Military rites were conducted at the grave.

Nitrogen fertilizer supplies expected to drop slightly

Paul E. Hall said recently that nitrogen supplies for the current fertilizer year are expected to be slightly below that of 1974-75.

Subsistent ammonia production would be reduced by an estimated 570,000 tons from July 1975 through June 1976," Hall said.

Hall indicated that the estimates are based on a recent telephone survey by a government interagency fertilizer task force contacting anhydrous ammonia producers to determine the impact of expected natural gas curtailments on their production.

"The projected drop in the July-December period is about 250,000 tons, with about a 300,000-ton decline for the first quarter of 1976," he said. The decline during the April-June 1976 quarter is expected to total less than 60,000 tons.

About 544,000 tons, or 83 percent of the reduction in tonnage will be in plants served by distributors dependent on natural gas supplied by intrastate pipelines, the task force reported. A drop of just under 10,000 tons is estimated for plants on interstate natural gas pipelines. Plants on interstate pipelines account for an estimated 36 percent of total annual anhydrous ammonia capacity.

Hall said that even though increased activity in the economy will increase industrial anhydrous ammonia use over last year, some new plants have started or will start production during the year. Inventories at the beginning of the year are the largest on record. These tend to counter losses in production resulting from natural gas curtailments. Hence, by holding net trade unchanged in the task force projection, net domestic supplies of nitrogen available for farm use in 1975-76 year are expected to be slightly below those of last year.
